PEOPLE SHOWERING CHOICEST BLESSINGS ON BJP

The verdict of the people in the recently concluded assembly elections once again reinforces the fact that the people want development and are now wholeheartedly supporting the politics of performance. It once again shows increasing trust in the visionary and dynamic leadership of Prime Minister Shri Narendra Modi, which is powering the nation towards the resolve of 'Viksit Bharat'. Today, the nation is not only marching ahead but also creating examples in every sector, touching new heights every day. The mantra of 'Sabka Saath, Sabka, Vikas, Sabka Vishwas, Sabka Prayas' has given new dynamism to the nation, reforming and transforming every sector through the politics of performance and a new work culture. While the nation is registering amazing performance at every level, the commitment towards Antyodaya and Garib Kalyan has created new aspirations in the nation, ensuring the welfare of the poorest of the poor. As India shines at the global level as the brightest star, it is leading on various fronts, and its resolve to become a developed nation by 2047 appears to be a reality now. The nation is now marching ahead with a new resolve, faith, and hope into a bright future as people continue to increasingly repose their trust in the leadership of Prime Minister Shri Narendra Modi, showering their choicest blessings on the BJP.

The results of assembly elections in Madhya Pradesh, Rajasthan, and Chhattisgarh speak volumes about the way people extend their support to the BJP, adore its leadership, and bless Prime Minister Shri Narendra Modi and his commitment towards the nation. The landslide victory in Madhya Pradesh even

after around two decades of incumbency shows that divisive politics can be repeatedly defeated with tireless commitment to the people. The commitment to transform the lives of the people has seen Madhya Pradesh emerge from the category of BIMARU states and become one of the leading states in the country. In Rajasthan and Chhattisgarh, people gave a massive mandate to the BJP and paved the path of development, which was stalled during the Congress rule in these states. In Chhattisgarh, where the BJP government took the state on a high trajectory of uninterrupted growth for 15 years, Congress, which formed the government in 2018, again pushed the state backwards during five years of its misrule. The result is that after five years, the people have again elected a BJP government, with an overwhelming majority expressing their faith in the BJP. In Rajasthan, which saw five years of lawlessness, corruption, and sufferings due to the regressive policies of the Congress government, the BJP has been elected again by the people with a massive victory. In Telangana, the BJP has also doubled its vote percentage and registered a win in eight seats, a huge jump from one seat it held during the last election. In Mizoram

too, the BJP has become the third-largest party, pushing Congress to the fourth position. In all five states, while the BJP has massive mandates in three states, it has received boundless blessings in the other two states, where it has immensely increased its tally.

The politics of India have changed and transformed into a tool for serving the people and taking the nation to new heights. The days of Congress, its allies, and its political culture of corruption, scams, looting of public money, and policy paralysis are over. The divisive and regressive politics of dynasties, casteism, and appeasement are getting defeated in every election. The unprincipled and opportunistic politics are biting dust in every election. The policies of performance, development, and good governance represented by the BJP are getting the boundless blessings of people with a commitment to build a self-reliant, developed New India. The Prime Minister, Shri Narendra Modi, is symbolising the hope and aspiration of the nation as India rises on the horizon, creating a new hope in the world with its commitment to serve humanity. ■

PM ADDRESSES KARYAKARTAS AT BJP HEADQUARTERS

Election result stands as a victory for honesty, transparency and good governance: PM Modi

Following the grand victory in Madhya Pradesh, Rajasthan and Chhattisgarh assembly elections PM Shri Narendra Modi led BJP's celebrations at the BJP headquarters on 03 December, 2023. Addressing the Karyakartas in the BJP headquarters PM Shri Modi said, "Today's triumph is historic and unprecedented. This day signifies the success of the vision for a developed India. It signifies the triumph of state development for the overall progress of India. Today, stands as a victory for honesty, transparency, and good governance."

This is our collective fortune

PM Shri Modi said, "I salute every voter. The people of Madhya Pradesh, Rajasthan, and Chhattisgarh have shown immense affection towards the BJP. In Telangana, the support for the BJP is consistently growing. This is our collective fortune. When one receives so much love from family and relatives, it increases my responsibility even more".

There are only FOUR CASTES in the country

Criticizing the Congress party for engaging in

caste-based politics to divide the nation, Shri Modi said, "In this election, there were numerous attempts to divide the country along caste lines. However, I consistently maintained that, for me, there are only four castes in the country. Empowering our women, empowering our youth, supporting our farmers, and uplifting our poor families—strengthening these four castes is the key to empowering the nation. In these elections, people from these four castes have displayed enthusiasm towards BJP; every poor feels that he has won."

He said, "We have support of four groups—women, youth, farmers and the poor. The support of women, youth and farmers has been paramount for the BJP...First-time voters are happy that their votes have made the BJP victorious...Youth and women are interpreting the BJP's win as their personal victory."

Want to thank the Nari Shakti

"I want to thank the Nari Shakti of this country... Every mother, sister and daughter of the country knows the BJP is the biggest guarantee of women empowerment, inclusivity and women safety. Every

promise made to women on development, safety and inclusivity will be fulfilled. This is 'Modi's Guarantee'."

Youth of the country solely desire development

Talking about the interests of the youth, the PM remarked, "The election results have made one

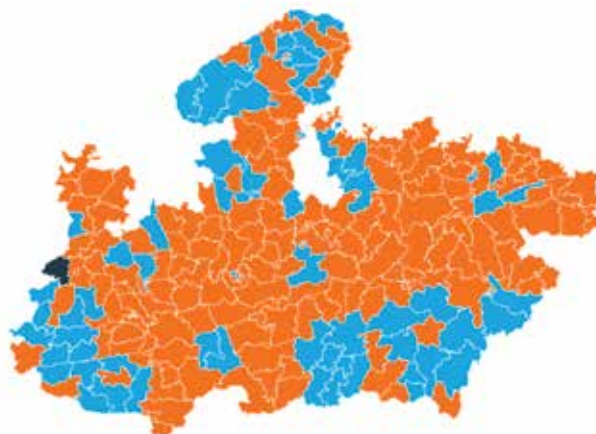

more thing clear. The youth of the country solely desire development. Wherever governments have worked against the interests of the youth, those governments have been ousted from power. Whether it is Rajasthan, Chhattisgarh, or Telangana, all these governments were embroiled in allegations of paper leaks and recruitment scams. The result is that in all three states, the parties in power are now out of government."

Hat-trick in assembly elections, guaranteed a hat-trick of 2024

Furthermore, the PM added, "The echoes of these election results will not be confined to just Madhya Pradesh, Rajasthan, and Chhattisgarh. The resonance of these results will reach far and wide. The reverberations of these election results will be

heard across the globe. These election outcomes will enhance the confidence of the world in India's development. These election results will also instil confidence in investors worldwide. Some people are saying that today's hat-trick in the assembly elections has guaranteed a hat-trick of 2024."

Zero tolerance for corruption, favouritism and dynastic politics

Hitting out at the INDI Alliance, PM Shri Modi said, "The reverberations of today's mandate have clearly shown that there is growing zero tolerance for corruption, favouritism, and dynastic politics in the country. Those who provide a shield to corrupt individuals with various arguments are being exposed. These election results are a significant lesson for the Congress and its 'Ghamandia' alliance. The lesson is that the trust of the nation cannot be won by simply coming together on the platform of a few dynasts. Addressing India's comprehensive transformation, Shri Modi stated, "Today, India's physical infrastructure is undergoing a complete transformation. You can see the network of expressways and industrial corridors spreading in all directions. The Indian Railways is currently going through its most significant phase of transformation. Today, new railway stations are being built in the country, and modern trains are coming in. The pace is new. The determination is new."

Viksit Bharat Sankalp Yatra

Speaking about the Viksit Bharat Sankalp Yatra, PM Modi remarked, "Through this yatra, our government is actively reaching out to include people overlooked by schemes, extending a hand to

them at their doorsteps. On this occasion of victory, I urge every BJP Karyakarta to take forward Modi's guarantee vehicle from today. This Modi's guarantee vehicle will ensure the success of the country; this is also Modi's guarantee. Where others lose hope, that's where Modi's guarantee begins." He also requested BJP Karyakartas to visit the NaMo app and make at least 10 people ambassadors of the Viksit Bharat.

Trust of 140 crore Indians

Celebrating success following wins in Madhya Pradesh, Rajasthan, and Chhattisgarh assembly elections, the Prime Minister shared his thoughts with BJP Karyakartas that the results of these elections have initiated a flow of positive energy that the entire country is currently experiencing. He further added, "This power has strengthened and fortified the foundation laid for a developed India. We must keep generating this energy and continue to enhance this strength. We need to sustain the trust of 140 crore Indians."

Duties of BJP Karyakartas increased

In his final remarks, Shri Narendra Modi addressed the heightened responsibilities of BJP Karyakartas. He emphasized that their duties have increased as negative forces are expected to intensify their efforts to unite. "Individuals who foster discord in society will now look for fresh opportunities. It is imperative not only to confront them but also to counter their false narratives. Most importantly, for us, maintaining the trust of the people remains paramount," he added.

Saath and Sabka Vikas in society, he has enhanced the basic mantra of 'Sabka Saath, Sabka Vikas, Sabka Vishwas and Sabka Prayas'. But the way Congress has made indecent comments on the country's most popular Prime Minister in this election is not only unparliamentary but is also a symbol of very low-level politics and mentality. Congress leaders have made such comments that it is not appropriate to repeat them. While making such bad comments on the Prime Minister of the country, the Congress leaders did not even keep in mind that abusing Shri Narendra Modi means abusing the Backward Castes (OBCs).

Criticising Congress leader Rahul Gandhi, he said there is one (Congress) leader who says that I will not apologize. His rope got burned but did not lose its strength. The results of this election have ended the power of such leaders not once but many times.

Hard work of BJP Karyakartas

Appreciating the hard work of BJP Karyakartas, Shri Nadda said that he thanks lakhs of Karyakartas of the Bharatiya Janata Party from the bottom of his heart that they have fought the elections with full dedication and hard work and have brought victory to the party. It is the result of this that the party has got better results in the assembly elections. I congratulate the BJP Karyakartas for this. Calling the public God, he said that the BJP has received the blessings not of any caste, community, or group, but of every section of society; for this, I express my gratitude to them. ■

The Prime Minister, Shri Narendra Modi interacted with beneficiaries of the 'Viksit Bharat Sankalp Yatra' via video conferencing on 30 November, 2023. He also launched Pradhan Mantri Mahila Kisan Drone Kendra. During the program, the Prime Minister dedicated the landmark 10,000th Jan Aushadhi Kendra at AIIMS, Deoghar. Further, Shri Modi also launched the program to increase the number of Jan Aushadhi Kendras in the country from 10,000 to 25,000. The Prime Minister announced both these initiatives, providing drones to women SHGs and increasing the number of Jan Aushadhi Kendras from 10,000 to 25,000 during his Independence Day speech earlier this year. The program marks the fulfilment of these promises. The Prime Minister interacted with beneficiaries from Deoghar in Jharkhand, Rayagada in Odisha, Prakasam in Andhra Pradesh, Namsai in Arunachal Pradesh, and Arnia in Jammu and Kashmir.

Addressing the gathering, Prime Minister Shri Narendra Modi said that the 'Viksit Bharat Sankalp Yatra' is completing 15 days today (30 November, 2023) and has now picked up pace. Noting the affection and participation of the people that has led to a change in the nomenclature of the VBSY van from 'Vikas Rath' to 'Modi Ki Guarantee vehicle', the Prime Minister thanked the citizens for their trust in the government. He expressed happiness upon interacting with the beneficiaries of VBSY and lauded their spirit, enthusiasm and resolve. He informed that "Modi Ki Guarantee vehicle" has so far reached more than 12,000 Gram panchayats where approximately 30 lakh citizens have engaged with it. He also lauded the participation of women in VBSY. "Every person in every village understands the meaning of development", the Prime Minister

remarked as he noted that VBSY has transformed into a public movement from a government initiative. Observing the increased digital activities on social media platforms by the new and old beneficiaries and those engaging with VBSY, Shri Modi urged them to upload such photographs and videos on Namo App as he monitors it on a daily basis. "Youth have become ambassadors of VBSY", he said.

TRANSFORMED BAD GOVERNANCE INTO GOOD GOVERNANCE

The Prime Minister credited the trust in the government and its efforts for the successful reception of VBSY. Reflecting on the times when the government ignored the basic needs of the citizens when a major population was deprived of basic amenities like houses, toilets, electricity, gas connections, insurance

or bank accounts, the Prime Minister highlighted the prevalence of corrupt practices like bribes. PM Shri Modi also pointed out the politics of appeasement and vote bank and said that the government lacked the trust of the citizens. He underlined that it is the present government that has transformed bad governance into good governance and is aiming to achieve saturation. "Government should identify the needs of the citizens and give them their rights. This is natural justice, this is social justice", the Prime Minister exclaimed. Due to this approach, the Prime Minister said that a new aspiration has arisen and the feeling of neglect among crores of citizens has come to an end. "Modi's guarantee begins where expectation from others ends", Shri Modi remarked.

THE RESOLVE OF A DEVELOPED INDIA

"The resolve of a developed India is not Modi's or any government's, it is a resolve to take everyone along on the path of development", the Prime Minister underlined. He said that the Viksit Bharat Sankalp Yatra aims to take the government schemes and benefits to those who have been left behind. He also informed that he is closely monitoring the developments on Namo App and highlighted drone demonstrations, health check-up camps and inspection camps for sickle cell anemia in tribal regions. Prime Minister Modi noted that many panchayats have already attained saturation with the advent of VBSY and further information is being provided to those who were left behind. He mentioned that the beneficiaries are being immediately linked to many schemes like Ujjwala and Ayushman Cards and informed that more than 40,000 beneficiaries have been given Ujjwala gas connections in the first phase. He also urged the youth to register as My Bharat Volunteers and join the MY Bharat campaign.

Underlining at the start of the VBSY that it is based on 4 Amrit pillars of 'Viksit Bharat', the Prime Minister recalled India's Nari Shakti, Yuva Shakti, the farmers and the poor families of India and said that the progress of these four creeds will make India a developed country. Shri Modi said that the government strives to improve the standard of living and drive away poverty from poor families, create employment and self-employment opportunities for the youth, empower the women of India by tackling

their issues, and improve the income and capabilities of India's farmers. "I will not rest until the issues of the poor, women, farmers and the youth are completely addressed", Shri Modi said.

PM MAHILA KISAN DRONE KENDRAS

Prime Minister Shri Narendra Modi touched upon the other two developments related to empowering women through the use of drones in agriculture and providing medicines at cheaper prices for poor families.

It has been the constant endeavour of the Prime Minister to ensure women-led development. In yet another step in this direction, the Prime Minister launched Pradhan Mantri Mahila Kisan Drone Kendra. Speaking about the launch of PM Mahila Kisan Drone Kendras, the Prime Minister recalled his announcement of Drone Didi during his Independence Day speech and informed that drones will be made available to 15,000 self-help groups along with training for drone pilots in the coming time. He underlined that the ongoing campaign to make women self-reliant through self-help groups will be strengthened by the Drone Didi and provide additional means of income. "With this, the Prime Minister said, the farmers of the country will be able to get their hands on modern technology like drones at a very low cost which will help save time, medicine and fertilizers.

He informed that roughly 2000 types of medicines are sold at an 80 to 90 percent discount at such centres. He also congratulated the citizens, especially the women of the country, for the launch of program to further expand the number of Jan Aushadhi Kendras from 10,000 to 25,000. He also expressed happiness that the PM Garib Kalyan Anna Yojna has been extended for another 5 years. "Modi's guarantee means the guarantee of fulfilment", he added. ■

Cabinet decides to provide Free Foodgrains for 81.35 crore beneficiaries for five years

The Cabinet on 29 November led by Prime Minister has decided that the Central government will provide free food grains to about 81.35 crore beneficiaries under the Pradhan Mantri Garib Kalyan Anna Yojana (PMGKAY) for a period of five years with effect from 1st January, 2024.

This is a historic decision that places PMGKAY amongst the World's biggest social welfare schemes aimed at ensuring food and nutrition security for 81.35 crore persons, at an estimated cost of Rs. 11.80 lakh crore over a 5-year period.

The decision reflects the strong commitment of Hon. PM Shri

Free food grains (rice, wheat and coarse grains/millets) under PMGKAY for 5 years from 1.1.2024 will strengthen food security and mitigate any financial hardship of the poor and vulnerable sections of the population. It would provide Nation-wide uniformity in delivery of food grains free of cost in all States/UTs through a network of

over 5 lakh Fair Price Shops under a common logo.

It will also enable ease of living, in terms of allowing beneficiaries to lift free of cost food-grains from any fair price shop in the country under the ONORC-One Nation One Ration Card- initiative. This initiative is of enormous benefit for migrants, facilitating both intra and inter State portability of entitlements as part of technology based reforms under Digital India. The free food grains will concurrently ensure uniform implementation of portability under One Nation One Ration Card (ONORC) across the country and will further strengthen this choice-based platform. ■

Morbi Dam Breach: Modi's firsthand experience in Disaster Management

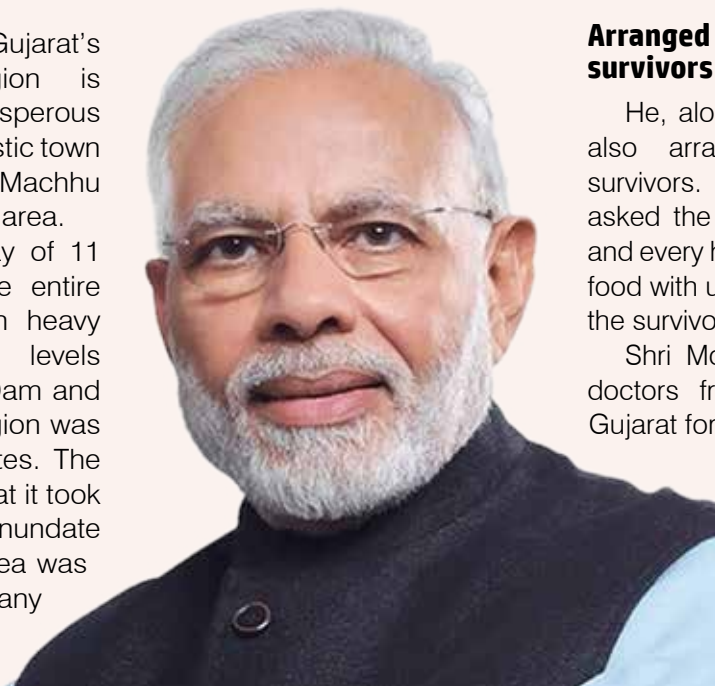

Morbi in Gujarat's Saurashtra region is known for its prosperous ceramic trade. The majestic town grew on the banks of the Machhu River, which fertilizes the area.

It was the fateful day of 11 August 1979, when the entire region was lashed with heavy rainfall. Rising water levels breached the Machhu Dam and as a result the entire region was submerged within minutes. The devastation was such that it took less than 15 minutes to inundate an entire district. The area was littered with corpses. Many bodies had become bloated and were in a terribly decomposed state. Thousands of lives lost with huge economic cost for the region.

Morbi needed immediate relief

Shri Narendra Modi, then 29, worked as a young Pracharak of the RSS rushed to the aid of the people. Shri Modi took the lead in relief and rescue work in Morbi.

Shri Narendra Modi and other volunteers who reached Morbi had to arrive on foot as roads and lanes were flooded. An intuitive Shri Modi along with RSS volunteers, assessed the situation and created a detailed

plan for rescue and relief work.

Shri Modi deployed different teams of volunteers to clean roads, clear muck from the houses, and pull out the bodies and cremate them. One big challenge was to pull the bodies out of the muck because most of the bodies were in decomposed state. Shri Modi gave the idea of wrapping the bodies in a cloth so that they are not decomposed. Cremating them was also a challenge because dry wood was not available so Shri Modi asked volunteers to make proper arrangements and cremate the bodies.

Arranged food for the survivors

He, along with the volunteers, also arranged food for the survivors. Shri Narendra Modi asked the teams to survey each and every house and distribute the food with upkeeping the dignity of the survivors.

Shri Modi arranged teams of doctors from different parts of Gujarat for medical help.

A Flood Victims Relief Committee was formed by Shri Modi which collected Rs 14 lakhs at that time for the help of the survivors.

In Morbi, Shri Narendra Modi got a first-hand experience of carrying out rescue and relief work. The horrible tragedy in Morbi left a deep imprint on his mind which guided him to prepare the nation as Resilient India later.

A book- 'Resilient India: How Modi Transformed India's Disaster Management Paradigm' has been published by Modi Story and Bluekraft Digital Foundation which has the details of PM Shri Narendra Modi's efforts in preparing a Resilient India. It also has the details of PM Modi's disaster handling experiences in it. ■

INCLUSIVITY HAS BEEN AT THE HEART OF INDIA'S G20 PRESIDENCY

During G20 presidency, New Delhi revitalised multilateralism, amplified Global South's voice, championed development, and fought for the empowerment of women

NARENDRA MODI

Today marks 365 days since India assumed the G20 presidency. It is a moment to reflect, recommit, and rejuvenate the spirit of “Vasudhaiva Kutumbakam” (One Earth, One Family, One Future). As we undertook this responsibility last year, the global landscape grappled with multifaceted challenges—recovery from the Covid-19 pandemic, looming climate threats, financial instability, and debt distress in developing nations, all amid declining multilateralism. In the midst of conflicts and competition, development cooperation suffered, impeding progress.

Assuming the G20 Chair, India sought to offer the world an alternative to the status quo, a shift from GDP-centric to human-centric progress. India aimed to remind the world of what unites us, rather than what divides us. Finally, the global conversation had to evolve the interests of the few had to give way to the

aspirations of the many. This required a fundamental reform of multilateralism as we knew it.

Inclusive, ambitious, action-oriented and decisive—these four words define our approach as G20 president, and the New Delhi Leaders' Declaration (NDLD), unanimously adopted by all G20 members, is

Assuming the G20 Chair, India sought to offer the world an alternative to the status quo, a shift from GDP-centric to human-centric progress. India aimed to remind the world of what unites us, rather than what divides us

testimony to our commitment to deliver on these principles. Inclusivity has been at the heart of our presidency. The inclusion of the African Union(AU) as a permanent member of the G20 integrated 55 African nations into the forum, expanding it to encompass 80% of the global population. This proactive stance has fostered a more comprehensive dialogue

on global challenges and opportunities.

The first-of-its-kind “Voice of the Global South Summit”, convened by India in two editions, heralded a new dawn of multilateralism. India mainstreamed the Global South's concerns in international discourse and has ushered in an era where developing countries take their rightful place in shaping the global narrative. Inclusivity also infused India's domestic approach to G20, making it a people's presidency that befits the world's largest democracy. Through “Jan Bhagidari”(people's participation) events, G20 reached 1.4 billion citizens, involving all states and Union Territories (UTs) as partners. On substantive elements, India ensured that international attention was directed to broader developmental aims, aligning with G20's mandate.

At the critical midpoint of the 2030 Agenda, India delivered the G20 2023 Action Plan to Accelerate Progress on the Sustainable Development Goals (SDGs), taking a cross-cutting, action-oriented approach to interconnected issues, including

health, education, gender equality and environmental sustainability. A key area driving this progress is robust Digital Public Infrastructure (DPI). Here, India was decisive in its recommendations, having witnessed the revolutionary impact of digital innovations like Aadhaar, UPI, and Digilocker first-hand. Through G20, we completed the Digital Public Infrastructure Repository, a significant stride in global technological collaboration. This repository, featuring over 50 DPIs from 16 countries, will help the Global South build, adopt, and scale DPI to unlock the power of inclusive growth.

For our One Earth, we introduced ambitious and inclusive aims to create urgent, lasting, and equitable change. The Declaration's "Green Development Pact" addresses the challenges of choosing between combating hunger and protecting the planet, by outlining a comprehensive roadmap where employment and ecosystems are complementary, consumption is climate-conscious, and production is planet-friendly.

In tandem, the G20 Declaration calls for an ambitious tripling of global renewable energy capacity by 2030. Coupled with the establishment of the Global Biofuels Alliance and a concerted push for Green Hydrogen, the G20's ambition to build a cleaner, greener world is undeniable. This has always been India's ethos, and through Lifestyle for Environment (LiFE),

the world can benefit from our age-old sustainable traditions.

Further, the Declaration underscores our commitment to climate justice and equity, urging substantial financial and technological support from the Global North. For the first time, there was a recognition of the quantum jump needed in the magnitude of development financing, moving from billions to trillions of dollars. The G20 acknowledged that developing countries require \$5.9 trillion to fulfil their Nationally Determined

Terrorism and the senseless killing of civilians are unacceptable, and we must address it with a policy of zero tolerance. We must embody humanitarianism over hostility and reiterate that this is not an era of war

Contributions (NDCs) by 2030. Given the monumental resources required, the G20 emphasised the importance of better, larger, and more effective Multilateral Development Banks. Concurrently, India is taking a leading role in UN reforms, especially in the restructuring of principal organs like the UN Security Council, that will ensure a more equitable global order.

Gender equality took centre stage in the Declaration, culminating in the formation of a dedicated Working Group on

the Empowerment of Women next year. India's Women's Reservation Bill 2023, reserving one-third of India's Parliament and state legislative assembly seats for women, epitomises our commitment to women-led development.

The New Delhi Declaration embodies a renewed spirit of collaboration across these key priorities, focusing on policy coherence, reliable trade, and ambitious climate action. It is a matter of pride that during our Presidency, the G20 achieved 87 outcomes and 18 adopted documents, a marked rise from the past.

During our G20 presidency, India led deliberations on geopolitical issues and their impact on economic growth and development. Terrorism and the senseless killing of civilians are unacceptable, and we must address it with a policy of zero tolerance. We must embody humanitarianism over hostility and reiterate that this is not an era of war.

I am delighted that during our Presidency India achieved the extraordinary: It revitalised multilateralism, amplified the voice of the Global South, championed development, and fought for the empowerment of women, everywhere.

As we hand over the G20 Presidency to Brazil, we do so with the conviction that our collective steps for people, planet, peace, and prosperity, will resonate for years to come. ■

JAMMU & KASHMIR RESERVATION (AMENDMENT) BILL, 2023 & JAMMU & KASHMIR REORGANIZATION (AMENDMENT) BILL, 2023 PASSED IN LOK SABHA

This is a bill to give rights and representation to displaced Kashmiris: Amit Shah

Union Home and Cooperation Minister Shri Amit Shah replied to the discussion on Jammu and Kashmir Reservation (Amendment) Bill, 2023 and Jammu and Kashmir Reorganization (Amendment) Bill, 2023 in the Lok Sabha on 6 December, 2023. After discussion, the Lok Sabha passed the Jammu and Kashmir Reservation (Amendment) Bill, 2023 and the Jammu and Kashmir Reorganization (Amendment) Bill, 2023.

In the Lok Sabha, Shri Amit Shah said a total of 29 speakers expressed their views but all agreed with the objectives of the bill. He said that these bills will add another pearl to the chain of hundreds of progressive changes brought under the leadership of Prime Minister Shri Narendra Modi. Shri Shah said that these bills are going to provide rights and justice to those whom were treated unjustly, insulted and ignored for 70 years. Those who consider it as a means to garner votes in politics by just using them as a vote bank and giving good speeches cannot understand its name. He said that Prime Minister Shri Narendra Modi is such a leader who himself has become the Prime Minister of the country after being born in a poor family and he knows the pain of the backward and the poor. He said when it comes to promoting such people, respect matters more than help.

Union Home Minister said that the era of terrorism in Jammu and Kashmir started after the 1980s and the people who had lived there for generations were completely displaced from there but no one cared about them. Shri Shah added that the displaced people had to live

- For the first time in the history of Jammu & Kashmir, 9 seats have been reserved for Scheduled Tribes and seats have also been reserved for Scheduled Castes.
- Earlier, there were 37 seats in Jammu which have now become 43. There were 46 seats in Kashmir earlier which have now become 47.
- 24 seats have been kept reserved for Pakistan-occupied Kashmir.
- Earlier, there were 107 seats in the Jammu and Kashmir Assembly, now there are 114 seats.

as refugees in other parts of their own country and as per the current figures, 1,57,967 people from about 46,631 families were displaced in their own country. He said that this

bill is a bill to give them rights and representation.

Shri Amit Shah said that in 1947, 31,779 families were displaced from Pakistan-occupied Kashmir to Jammu and Kashmir and out of these, 26,319 families started living in Jammu and Kashmir and 5,460 families started living in other parts of the country. He said that after the wars of 1965 and 1971, 10,065 families were displaced and overall, 41,844 families were displaced.

He said on August 5-6, 2019, Prime Minister Shri Modi listened to the voices of these displaced people and gave them their rights. Shri Shah said that judicial delimitation was part of the bill passed on August 5 and 6, 2019. He said that Delimitation Commission, Delimitation and Demarcated Assembly are the core of democracy and process of deciding the unit for electing people's representatives. All groups of displaced people asked the Commission to take cognizance of their representation and it is a matter of joy that the Commission has made a provision that 2 seats will be reserved for displaced Kashmiri people and 1 seat to be reserved for the people displaced from Pakistan-occupied Kashmir. ■

WE ARE NOW QUELLING TERROR WITH FULL ARDOUR: PM

PM Shri Narendra Modi on 26 November in 107th Episode of 'Mann Ki Baat' paid homage to all who lost their lives in the Mumbai terror attack. He said we could never forget this day. It was on this very day that the country had come under the dastardliest terror attack. We are publishing brief highlights of the address:

My dear countrymen, Namaskar, Welcome to Mann Ki Baat. But we can never forget this day, the 26th of November. It was on this very day that the country had come under the dastardliest terror attack. Terrorists had made Mumbai shudder... along with the entire country. But it is India's fortitude that made us surmount the ordeal; we are now quelling terror with full ardor. I pay homage to all of them who lost their lives in the Mumbai attack. Today, the country is in remembrance of those brave hearts who made the supreme sacrifice during the attack.

Voting Rights to women. In the process of nation building, collective development is possible only with support from everyone.

- This day, the 26th of November is extremely significant on one more account. It was on this very day in 1949 that the Constituent Assembly had passed and adopted the Constitution of India.
- I extend my best wishes to all countrymen on the occasion of Constitution Day. And together we shall certainly attain the resolve of a developed India, according priority to citizens' duties.
- All of us know that the Constitution took 2 years 11 months and 18 days for coming into being. The oldest member in the Constituent Assembly was Shri Sachidananda Sinha Ji. The Draft of our Constitution came up after close study of the Constitution of over 60 countries; after long deliberations. After readying the Draft, before the final structure shaped up, over 2000 Amendments were re incorporated in it. Even after the Constitution came into force in 1950, till this day, a total of 106 Amendments have been carried out in the Constitution.
- It's again inspiring that out of the same members of the Constituent Assembly who were nominated, 15 were Women. One such Member was Hansa Mehta Ji, who raised her voice for the sake of rights and justice to women. During that period, India was one of the countries whose Constitution enabled
- It's a matter of inner satisfaction for me that in adherence to the farsightedness of the framers of the Constitution, the Parliament of India has now passed the Nari Shakti Vandan Act. The Nari Shakti Vandan Adhiniyam is an example of the Sankalp Shakti, the strength of the resolve of the Democracy. This will provide a fillip to the pace of accomplishing our resolve of a developed India.
- My family members, when the people at large take charge of nation building, no power in the world can stop that country from moving forward.
- Friends, just as the very success of 'Swachh Bharat Abhiyan' is becoming its inspiration; the success of 'Vocal For Local' is opening the doors to a 'Developed India - Prosperous India'.
- The Swachh Bharat Abhiyan has changed people's mindset regarding cleanliness and public hygiene. Today, this initiative has become a symbol of the national spirit, which has improved the lives of crores of countrymen. This campaign has also inspired people from different walks of life. One such commendable effort has been observed in Surat.
- A team of youth has started 'Project Surat' there. Its aim is to make Surat a model city which becomes an excellent example of cleanliness and sustainable development. Under this effort, which commenced as 'Safai Sunday', the youth of Surat earlier used to clean public places and the Dumas Beach. Later, these people also got involved wholeheartedly in cleaning the banks of the Tapi river. And you will be happy to know that within no time the number of people associated with this has risen to more than 50 thousand. ■

PM Modi appeals to opposition leaders for cooperation

As the Winter Session of Parliament commences, Prime Minister Shri Narendra Modi addressed the media on 04 December 2023, extending an appeal to opposition leaders for cooperation.

PM Shri Modi said the election results for four states were announced, and the results are very encouraging.

These results are encouraging for those who are committed to the well-being of the common man, and who are dedicated to the bright future of the country, especially for all sections of all societies, women from every village and city, youth from every village and city of all social groups, farmers from every community, and the poor people of my country.

PM Shri Modi said the country has rejected negativity. We consistently have discussions with opposition colleagues at the beginning of each session. Our main team discusses with them and appeals for everyone's cooperation. This time too, all these processes have been followed as well. Through you, I also publicly appeal to all our MPs that this temple of democracy

is a crucial platform to strengthen the foundation of a 'Viksit Bharat' for the aspirations of the people.

He said based on the current election results, I would like to tell my Opposition colleagues that they have a golden opportunity. Instead of planning to vent frustration over defeat (in assembly elections) in this session, if they learn from this defeat, shun the idea of negativity that has been prevalent for the past nine years, and move forward with positivity in this session, the country's perspective towards them will change. A new door may open for them... and even if they are in the opposition, I am giving them good advice to come forward with positive thoughts. If we take ten steps, then you should take twelve steps while making decisions. ■
