@Narendramodi

A historical accomplishment! Congratulations to the incredible Indian team who have, for the first time ever, won the Women's Team Trophy at the Badminton Asia Championships. Their success will motivate several upcoming athletes. The way our Nari Shakti has been excelling in various sports is just phenomenal.
(18 February, 2024)

@JPNadda

The Union Cabinet, chaired by Hon. PM Shri Narendramodi Ji, has approved the implementation of the Umbrella Scheme on "Safety of Women," reaffirming our commitment to ensuring the well-being and security of every woman in our nation. Extending my heartfelt thanks to PM Modi Ji for his steadfast commitment to women's safety and empowerment.
(22 February, 2024)

@AmitShah

The ten years of the NDA government, under the leadership of Prime Minister Shri Narendra Modi Ji, have been dedicated to the welfare of farmers and the upliftment of backward people and Dalits. Today (February 22)) he interacted with the sisters and brothers from four Lok Sabha constituencies in Janjgir-Champa in the 'Vijay Sankalp Shankhnad Rally'. The enthusiasm of the people of the state shows that the BJP's victory in all 11 seats in Chhattisgarh is sure.
(22 February, 2024)

@Rajnathsingh

Looking at the work that has been done by Prime Minister Modiji in these ten years, I can say that Bharat herself is moving towards establishing itself as a Viswaguru in the entire world.
(22 February, 2024)

@Piyush Goyal

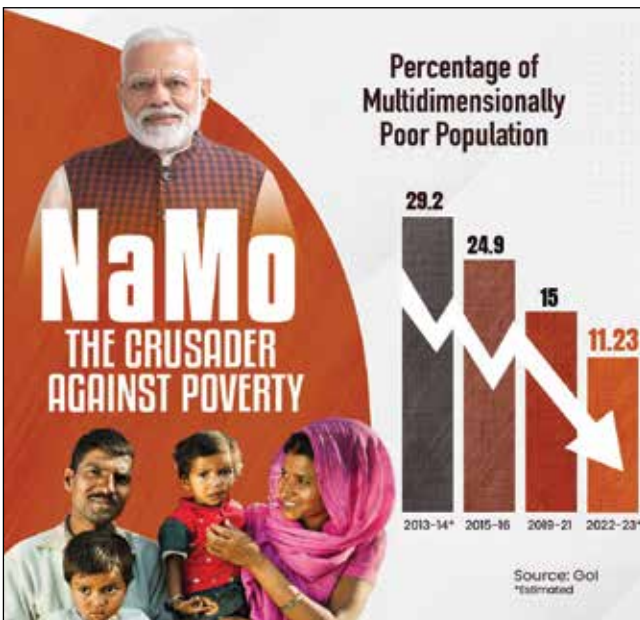

Government led by PM @NarendraModi ji has approved the amendment in the Foreign Direct Investment (FDI) policy on space sector, liberalising investments in prescribed sub-sectors/activities. This reform will: • Encourage greater FDI inflows • Enhance ease of doing business • Growth in investments • Boost income & employment opportunities.
(22 February, 2024)

@B L Santhosh

You the West Bengal police is a disgrace on the professional ethics befitting a police force . You have proved it umpteen times . This is another instance . Instead of enforcing rule of law in Sandeshkhali you are deviating the issue in a worst possible manner.

NATION MARCHING TOWARDS A NEW FUTURE

As thousands of BJP Karyakartas from every part of the country assembled in New Delhi to attend the two-day National Convention of the party, the message of 'Viksit Bharat' has found resonance in the entire nation. The dream of Viksit Bharat as Modi's guarantee is re-assuring the people that they can march ahead towards a bright future. The last ten years of transformation that the nation has witnessed under the visionary and dynamic leadership of Prime Minister Shri Narendra Modi is in itself a guarantee that the nation is ready for a huge leap in the coming years. Who can forget the deepening crisis and misrule, widespread corruption, massive loot of public funds, spiralling inflation, declining GDP growth, fast-depleting forex, and policy paralysis of the Congress-led UPA era? The nation still remembers those dark days when negativity and pessimism ruled the roost, resulting in squandering away all the earlier gains and resulting in what is now called the 'Lost Decade'. Today, when the last ten years of 'reform, perform, and transform' with the mantra of 'speed, scale, and skill' have taken the nation out of that Congress-led UPA era of morass, a completely transformed nation looks forward to embracing a new future with an eye on the vision of Viksit Bharat.

The two-day BJP National Convention, which started with the hoisting of the party flag, lighting of the lamp, and the inaugural speech of BJP National President Shri Jagat Prakash Nadda, discussed a number of issues while

The dream of Viksit Bharat as Modi's guarantee is re-assuring the people that they can march ahead towards a bright future. The last ten years of transformation that the nation has witnessed under the visionary and dynamic leadership of Prime Minister Shri Narendra Modi is in itself a guarantee that the nation is ready for a huge leap in the coming years

reinforcing the sense of duty towards the nation in every karyakarta. The National Convention, while discussing the two resolutions, felicitated the Prime Minister with its statement on Shri Ram Temple, which rightly stated that the consecration of Shri Ram Lala has heralded a new 'kalchakra' that is set to establish a thousand years of 'Ramrajya'. The political resolution titled 'Viksit Bharat, Modi's Guarantee', not only highlighted the amazing achievements of the last ten years; it also reiterated the pledge to take India to a new height with the vision of 'Viksit Bharat'. The second resolution, 'BJP - Desh ki Aasha, Vipaksha ki Hatasha', has completely exposed the Congress and its INDI Alliance, which represents all the ills that afflict politics in the country today. While the BJP has been receiving the blessings of the people overwhelmingly, the Congress and the INDI Alliance are in existential crisis due to their unprincipled, opportunistic, and corrupt politics. Their faith in dynastic politics and obsession with the politics of appeasement have created deep crises and untold miseries for the people. The anti-poor policies of the constituents of the INDI

Alliance have resulted in pervasive corruption and privileges for a handful of people who, under their rule, looted the hard-earned money of the people of India. The decision of the Congress and its allies to stay away from the consecration ceremony of Shri Ram Lala has also been observed by the entire nation, and there is no doubt that people will never forgive them in the future.

While the entire ambience in the National Convention reverberated with slogans like 'Abki Baar, 400 Paar', 'Phir Ek Baar, Modi Sarkaar', and 'Modi, Modi', the boundless enthusiasm of the karyakartas represented the mood of the people across the country. The electrifying atmosphere at the venue was further charged by the speeches of top leaders, who reinforced the commitment of every karyakarta with missionary zeal for the nation. The inspiring address of Prime Minister Shri Narendra Modi, while infusing every karyakarta with new energy, set a new goal of serving the people and taking the nation to new heights. As every karyakarta is charged with a new resolve to take the nation towards achieving the goals of 'Viksit Bharat', the people are showering their blessings in abundance. ■

BJP NATIONAL PRESIDENT'S ADDRESS

UNDER THE LEADERSHIP OF PM MODI, NATION IS ADVANCING ON THE PATH OF DEVELOPMENT: JP NADDA

In a momentous occasion graced by the Hon'ble Prime Minister Shri Narendra Modi and Bharatiya Janata Party's National President Shri Jagat Prakash Nadda, the two-day National Convention of the BJP commenced at Bharat Mandapam in New Delhi on 17 February, 2024. The programme was attended by the Union Raksha Mantri Shri Rajnath Singh along with the Union Home Affairs and Cooperation Minister Shri Amit Shah, and all central ministers of the party, Chief Ministers of BJP-ruled states, Deputy Chief Ministers, State and District Presidents, as well as all party office-bearers. Nearly 10,000 delegates from across the country participated in the convention.

Before the convention was formally kicked off, the BJP flag was unfurled by the Hon'ble Prime Minister Shri Narendra Modi and BJP National President Shri Jagat Prakash Nadda. The convention kicked off with the ceremonial lighting of the lamp and the rendition of the national anthem. BJP National President Shri Jagat Prakash Nadda addressed at the inaugural session of the National Convention, 2024. Following are the salient points of his addresses:

BJP National President Shri Jagat Prakash Nadda conveyed appreciation to office bearers and party workers for their dedication and hard work, for their collaborative endeavours in propelling the BJP's triumphant momentum. He lauded Prime Minister Shri Narendra Modi's steadfast dedication to the party's growth. Shri Nadda elaborated on

the BJP's journey, from its challenging origins to becoming the world's largest political party, crediting its success to the commitment of its members and the leadership of Prime Minister Shri Narendra Modi.

Key points of the address:

- Under the leadership of Prime Minister Shri

Narendra Modi, the nation is advancing on the path of development, and a new dimension has been established in politics. The tenure of the Bharatiya Janata Party under the esteemed leadership of Prime Minister Shri Narendra Modi is marked by numerous accomplishments.

- Under the leadership of Prime Minister Shri Narendra Modi, the BJP will surpass the mark of 370 and the NDA will secure more than 400 seats, in the upcoming Lok Sabha elections.
- The bill to abolish Article 370, which had been stalled for years due to political animosity, was swiftly passed in both houses of Parliament within three days under the leadership of esteemed Prime Minister Shri Narendra Modi. This was made possible by the adept strategy of Union Home Minister Shri Amit Shah, leading to the permanent abolition of Article 370.
- The current stature that the party has achieved and the strength with which the organization today stands firmly at the grassroots level is only possible due to the sacrifices of our respected leaders, their austerity, and the commendable contributions of every party Karyakarta.
- BJP, with its roots in the Bharatiya Jan Sangh, has weathered significant challenges over seven decades. In the past decade, under Prime Minister Shri Narendra Modi ji's leadership, the party has seen remarkable growth and acceptance.
- Prime Minister Shri Narendra Modi has shifted the narrative and prioritized the upliftment of GYAN - Gareeb (the poor), Yuva (the youth), Annadata (the farmers), and Nari Shakti (women empowerment), thus ensuring the nation's overall development.
- In 1989, at the BJP's national executive in Himachal Pradesh, it was decided to work on the construction of the Shri Ram Mandir. Despite mockery from opposition parties, after 500 years of struggle, the dream of the nation was finally fulfilled. On January 22, 2024, Prime Minister Shri

Narendra Modi observed an 11-day penance to honour Bhagwan Ram's homecoming, leading to the realization of the temple and the vision of Ram Rajya. Many congratulations to Prime Minister Shri Narendra Modi from crores of party karykartas.

- In the 2009 elections, the Bharatiya Janata Party garnered 18.8% of the country's support. However, under the leadership of the Hon'ble Prime Minister, this surged to 31.3% in 2014. In 2019, the party surpassed its own record by securing 303 seats in the Lok Sabha elections, up from 282, and its vote share rose from 31% to 37%.
- Prior to 2014, the BJP governed only 5 states in the country. However, today, the NDA government holds power in 17 states, with the BJP leading

Prior to 2014, India held the 11th position among the world's largest economies. However, today, the nation ranks among the top five global economies

majority governments in 12 of them. Before 2014, the BJP represented 17.5% of the population, but this figure has now surged to 58%.

- Respected Prime Minister Shri Narendra Modi has diligently fulfilled all promises with unwavering dedication and hard work. This has led to the empowerment of villages, the poor, farmers, and women. For the first time since Independence, there is a prevailing belief among marginalized communities that the government under Shri Narendra Modi truly represents them.
- Under the Ujjwala Yojna, the Narendra Modi's government has provided gas connections to more than 11 crore women to empower them. Under the Saubhagya scheme, over 2 crore 62 lakh people have been provided with electricity connections to their homes, and approximately 18 thousand villages have been electrified. Additionally, under the Jal Jeevan Mission, piped water has been delivered to the homes of 11 crore people.
- Prior to 2014, India held the 11th position among the world's largest economies. However, today, the nation ranks among the top five global economies. Under the leadership of Prime

Minister Shri Narendra Modi, the BJP is poised to form a government with a resounding majority for the third time in 2024, propelling India's economy to become the world's third-largest.

- During the Covid pandemic, Bharatiya Janata Party Karyakartas, without caring for their lives, distributed crores of masks, and sanitizers, distributed food, and delivered medicines to thousands of elderly people. This demonstrated that the party's organizational efforts are ultimately aimed at benefiting the community.
- Through the Navmatdata Sammelan, the Hon'ble Prime Minister Shri Narendra Modi ji addressed over 3.2 million new voters. The Yuva Morcha played a pivotal role in ensuring the success of this program by effectively implementing it on the ground.
- Under the leadership of Prime Minister Shri Narendra Modi, the BJP has successfully connected around 10 crore women to self-help groups. Now, the party was committed to empowering 3 crore women as 'Lakshpati Didis'.
- Due to the policies implemented during the tenure of the BJP, higher education enrollment has surged by 44% in the SC category, 65% in the ST category, and 44% in the OBC category. The Jan Dhan-Aadhaar-Mobile scheme has effectively curbed corruption, ensuring that approximately Rs. 30 lakh crore directly reaches the accounts of the underprivileged.
- Under the leadership of the Prime Minister Shri Narendra Modi, the BJP secured victory and formed the government at the Center for two consecutive terms. Additionally, the BJP achieved success in Uttarakhand in two consecutive elections. The overwhelming victory in the assembly elections of Rajasthan, Chhattisgarh, and Madhya Pradesh was credited to the people's confidence in the guarantees of the respected Prime Minister Shri Narendra Modi.

The BJP's voting percentage in West Bengal has surged significantly, escalating from 10% to 38.5%, accompanied by a notable increase in the number of assembly seats, rising from 3 to 77. In Gujarat, the BJP has maintained continuous power since 1997, showcasing a longstanding electoral success

- According to the International Monetary Fund report, India is recognized as a "Bright Spot," boasting the highest growth rate at 6.3 percent among major countries worldwide. Additionally, the Morgan Stanley report placed India at the forefront among developing nations.
- Respected Prime Minister Shri Narendra Modi has bestowed the prestigious Bharat Ratna upon the distinguished sons of India, former Prime Ministers Shri Choudhary Charan Singh and Shri PV Narasimha Rao, in recognition of their lifelong contributions to the nation. Additionally, the commendable decision to honour Jananayak Karpoori Thakur, respected Shri Lal Krishna Advani, and agricultural scientist Shri MS Swaminathan with the Bharat Ratna is a noteworthy gesture.
- In the pursuit of India's development, the Bharatiya Janata Party has accomplished the construction of an extensive network spanning 3 lakh 75 thousand kilometres of roads in rural areas. Additionally, the installation of optical fiber in 2 lakh panchayats has facilitated internet connectivity and 1300 new world-class railway stations are being built.
- The BJP's voting percentage in West Bengal has surged significantly, escalating from 10% to 38.5%, accompanied by a notable increase in the number of assembly seats, rising from 3 to 77. In Gujarat, the BJP has maintained continuous power since 1997, showcasing a longstanding electoral success. The party achieved a historic victory in Haryana in 2014 and, in Assam, has formed the government twice since 2014, an accomplishment once deemed unattainable.
- Presently, the BJP has successfully extended its reach to over 8 lakh 40 thousand booths, and there are plans to further expand to 10 lakh booths soon. The dedicated efforts of the party Karyakartas will play a significant role in achieving this ambitious goal. ■

RESOLUTION - 1

'VIKSIT BHARAT - MODI'S GUARANTEE'

'INDIA EMERGED AS A STRONG AND CAPABLE NATION WITH THE GOAL OF A VIKSIT BHARAT BY 2047'

The Resolution on 'Viksit Bharat - Modi's Guarantee' was moved by Defence Minister Shri Rajnath Singh at the BJP National Convention in New Delhi on 17 February, 2024. This Resolution was seconded by the Union Minister of Finance and Corporate Affairs Smt. Nirmala Sitharaman, Uttar Pradesh Chief Minister Yogi Adityanath and Union Minister of State for Fisheries, Animal Husbandry, Dairying, Information and Broadcasting Shri L. Murugan.

The Resolution highlighted that under the dynamic leadership of Hon'ble Prime Minister Shri Narendra Modi, India has emerged as a strong and capable nation with the goal of a Viksit Bharat by 2047. The past 10 years have witnessed the realization of the ideal of Ram Rajya and during this period, the country has gone through an uninterrupted journey of security, prosperity and happiness for all. Following is the full text of the resolution:

Under the visionary leadership of Hon'ble Prime Minister Shri Narendra Modi ji, India has emerged as a strong and capable nation with the goal of a Viksit Bharat by 2047. The past 10 years have witnessed the realization of the ideal of Ram Rajya under the leadership of Hon'ble Prime Minister Shri Narendra Modi ji. During this period, the country has gone through an uninterrupted journey of security, prosperity and happiness for all. Under the Hon'ble Prime Minister's leadership, the nation has taken the Panch Prans of freeing itself from the mentality of slavery, learning to be proud of our heritage, resolving to be a developed nation, demonstrating strength in our unity, and fulfilling the duties of citizens with honesty. In these 10 years, India has looked up to its great democratic and constitutional traditions

as well as its cultural heritage. In the last 10 years, the people of the nation saw 'Modi's Guarantee' reaching every home. This Guarantee has seen 25 crore people being brought out of poverty. Under the Prime Minister's leadership, new dimensions of electoral success were also achieved in the last 10 years. From Kutch to Kamrup and from Kashmir to Kanyakumari, the BJP has won the hearts of all. The National Convention also heartily congratulates its leader and the Hon'ble Prime Minister of the country, Shri Narendra Modi ji and thanks him for this victory march of the BJP.

10 Years of Achievements And Modi's Guarantee:

Throughout the tenure of many Governments,

typically only a handful of achievements stand out, but in the 10 years of Shri Narendra Modi ji's Government, hundreds of historic achievements have improved the standard of living of two-thirds of the citizens of our nation. Not only did the country's economy break all records, become more secure and decisive than before, it also added a new chapter in global leadership. Today when our Hon'ble Prime Minister Shri Narendra Modi ji speaks, the whole world listens. The country has witnessed innumerable achievements over the last 10 years. Each achievement is so significant that it merits an entire book dedicated to their exploration. The country also witnessed those decisive decisions previously unimagined. Revocation of Article 370, Construction of Lord Shri Ram's Temple in Ayodhya, abolition of triple talaq, implementation of GST, Citizenship Amendment Act, inauguration of a new Parliament House and the installation of Sengol within it, Nari Shakti Vandan Adhiniyam are some of those previously impossible decisions made possible. Achievements like the enactment of the Bhartiya Nyay Sanhita and the successful Chandrayaan mission will be etched in golden letters in the annals of history. Swachh Bharat Abhiyan, Beti Bachao-Beti Padhao, Namami Gange and G20 started a new chapter of public participation in the country. The participation of the public in the effective management of Covid by the Government has been praised all over the world. Even a millennium from now, people will continue to discuss with fervor this timeless era under the leadership of the Hon'ble Prime Minister Shri Narendra Modi ji.

'Modi's Guarantee' has increased the sanitation coverage in our country from 40% to 100%. We gave 17 crore more gas connections. For the urban poor, we built 4 crore houses. More than 50 crore people have a bank account today with total deposits over Rs. 2,08,855 lakh crore. Jan Dhan, Aadhaar and Mobile have not only eliminated the leakage among

the beneficiaries of Government schemes but has also ensured that beneficiaries get their entitlements directly into their accounts without any middleman. Half of these bank accounts belong to women. More than 13.91 crore families are getting pure drinking water from tap connections. More than 55 crore poor people have received Ayushman Bharat cards. More than 11 crore toilets have been built. Under PM Garib Kalyan Anna Yojana, 80 crore people have been provided free food grains. This has now been extended for another 5 years. Promotion of millets has also benefited more than 3 crore small farmers of our nation. This National Convention of BJP heartily congratulates the Hon'ble Prime Minister Shri Narendra Modi ji for his schemes for the welfare of the poor.

Under Shri Narendra Modi ji's Government, the nation has become safer than before, with strong action taken against terrorism. India carried out surgical and air strikes against terrorists, while the opposition questioned the bravery of our army. This is a new Bharat where Abhinandan returns from Pakistan and ex-Navy Officers on death row in

Qatar also return safely. Today Indians across the world trust Shri Narendra Modi Ji's Government to save them during a crisis. We saw this during the Russia-Ukraine war, during the crises in Iraq, Syria, and Yemen, and also during Covid. This National Convention of BJP heartily congratulates the Hon'ble Prime Minister Shri Narendra Modi ji for giving strong leadership to the country.

Congress Governments did injustice to the backward classes by not giving constitutional recognition to the OBC Commission for over 40 years. Shri Narendra Modi Ji's Government honored the backward classes by giving constitutional recognition to the OBC Commission during its very first term. Congress Governments kept 'One Rank, One Pension' pending for 40 years. Hon'ble Prime Minister Shri Narendra Modi ji did justice to the ex-

Congress Governments followed the strategy of not developing our borders, resulting in huge losses to the country. Hon'ble Prime Minister Shri Narendra Modi ji not only strengthened the border infrastructure but also connected every citizen of the country with his brothers living in the border villages through the Vibrant Border Village Scheme

servicemen, who worked whole-heartedly in the service of the nation, by implementing 'One Rank, One Pension' in one stroke. We also saw the time when a Prime Minister of the Congress Government, despite the order of the Supreme Court, caused injustice to Shah Bano, but also allowed injustice to millions of Muslim women of the country by approving triple talaq. Hon'ble Prime Minister Shri Narendra Modi ji ensured justice to Muslim sisters by ending triple talaq. Earlier women did not get permanent commission in the army, our Government has ensured permanent commission to women officers in the Indian Army.

Congress Governments followed the strategy of not developing our borders, resulting in huge losses to the country. Hon'ble Prime Minister Shri Narendra Modi ji not only strengthened the border infrastructure but also connected every citizen of the country with his brothers living in the border villages through the Vibrant Border Village Scheme. Thus, ending the injustice done to the people living in the border areas. This National Convention of BJP heartily congratulates its leader, Hon'ble Prime Minister Shri Narendra Modi, for guiding the country.

Revocation Of Article 370:

In the greed for vote bank and appeasement politics of the Congress, Article 370 and 35A alienated Jammu and Kashmir from India. Since the inception of the Jan Sangh, we were against having two heads of state and two constitutions in the nation. Our founder and son of Bharat Mata, Dr. Syama Prasad Mookerjee sacrificed his life for this. Thousands of our workers have contributed to make Jammu and Kashmir an integral part of India. Hon'ble Prime Minister Shri Narendra Modi ji ended the injustice and ensured justice to the people of Kashmir. The dream of One Nation, One Constitution has been realized. Today the tricolor is flying proudly at Lal Chowk.

Bharatiya Janata Party was committed to the construction of a grand Ram temple at the birthplace of Lord Shri Ram in Ayodhya ever since its inception. None of us thought that a time would come when a grand temple would be built in Ayodhya and Ramlala would return home. Under the leadership of the Hon'ble Prime Minister Shri Narendra Modi ji, the dream of every Indian came true

Earlier, the laws of the country did not apply in Jammu and Kashmir. The terrible exodus from Jammu and Kashmir shocked the hearts of every Indian. Article 370 and 35A made Jammu and Kashmir a state where terrorism and separatism flourished freely and no one had the courage to raise the Indian flag. After the removal of Article 370 the network of terrorists in Jammu and Kashmir has been destroyed. Stone pelting and violence are over now. As a result, a record 1.88 crore tourists came to the state and tourism has increased. In 2018, 199 youths took to terrorism in Jammu and Kashmir, this number has reduced to 12 in 2023. After 3 decades of turmoil in Kashmir, common people are now living a normal life in Jammu and Kashmir. After the abrogation of Article 370 people are experiencing peace and development in the state. Now central laws have

been implemented there. It is a hub for investment with increasing tourism. Earlier, High Court judges there used to take oaths on the state constitution, now they have the responsibility of implementing the Constitution of the nation. This National Convention of BJP heartily congratulates the Hon'ble Prime Minister

Shri Narendra Modi ji for making Jammu and Kashmir an integral part of India and for eliminating terrorism and separatism in the region, paving the way for development.

Grand Shri Ram Temple In Ayodhya:

Bharatiya Janata Party was committed to the construction of a grand Ram temple at the birthplace of Lord Shri Ram in Ayodhya ever since its inception. None of us thought that a time would come when a grand temple would be built in Ayodhya and Ramlala would return home. Under the leadership of the Hon'ble Prime Minister Shri Narendra Modi ji, the dream of every Indian came true. 22 January 2024 remains an unforgettable date when the grand Ram temple was inaugurated in Ayodhya and Maryada

Purushottam Lord Shri Ram's child form idol Ramlala was consecrated.

Hon'ble Prime Minister Shri Narendra Modi ji made the consecration of Ram Lalla in Shri Ram Temple a festival of the people. Not only did he set an ideal example of Sanatan culture by observing a Vrat-Anusthan for 11 days, he also visited every temple associated with Lord Shri Ram for 11 days to receive blessings. On his call, the Swachh Teerthsthal Abhiyan rejuvenated all the major centers of faith in the country in a few days. Under the leadership of Hon'ble Prime Minister Shri Narendra Modi ji, not only has the temple of Lord Shri Ram been built, but he has also effectively implemented the concept of Ram Rajya in the last 10 years. Whenever there will be a discussion in the future, historians will consider this event as a milestone in the continuous rediscovery of India's civilizational heritage. This National Convention heartily congratulates Hon'ble Prime Minister Shri Narendra Modi ji for consecrating the idol of Ramlala less than 4 years after bhoomi puja.

Successful Organization Of G-20:

Last year, India created history by hosting the G-20 summit during a very difficult time for the world and making it a success. India's hospitality and our Hon'ble Prime Minister Shri Narendra Modi ji were praised across the world for being wonderful hosts and the unanimous acceptance of the New Delhi Leader's Declaration (NDLD). Addressing all global concerns and creating 100% consensus on all developmental and geopolitical issues was not an easy task but India achieved this under the leadership of Hon'ble Prime Minister Shri Narendra Modi Ji. On the initiative of our Hon'ble Prime Minister Shri Narendra Modi ji, the African Union also became an integral part of G-20. India became the voice of the Global South. Hon'ble Prime Minister made the G20 a people's program. The whole world appreciated India for being a great host. The National convention of BJP heartily congratulates Hon'ble Prime Minister Shri Narendra Modi ji for giving this great achievement to the country.

Assembly Elections And Bye-Elections:

In the last 10 years, the country has seen a new dimension of 'Pro-incumbency' being created among the people instead of 'Anti-incumbency' under the leadership of Hon'ble Prime Minister Shri Narendra Modi Ji. Shri Narendra Modi ji has completed 22 years of continuous working as Head of Government. He served as the Chief Minister of Gujarat for 13 years and for 10 years he has been holding the post of Hon'ble Prime Minister of the country. We often hear from many experts that after Covid, the trust in Governments across the world decreased, but in India, the trust of the people in the Indian Government has strengthened further. The people of the country have full faith in both the intent and commitment of our Government. Therefore, our Government became pro-incumbency because our Government

has given priority to public sentiments in governance. Shri Narendra Modi ji's Government is sensitive to the needs of the countrymen and has focused on fulfilling both the needs and dreams

of the people. The result of this was that in the last 10 years, all the people in the country elections, be it assembly elections, by-elections or local body elections, have repeatedly given their blessings to the Bharatiya Janata Party.

Gujarat, Madhya Pradesh, Uttar Pradesh, Uttarakhand, Goa, Chhattisgarh, Bihar, Assam, Tripura, Maharashtra, Arunachal Pradesh, Nagaland, Manipur, Meghalaya - everywhere the people of the country expressed unwavering faith in the Hon'ble Prime Minister Shri Narendra Modi ji and voted for BJP and given an opportunity to serve.

Wherever the people elected Congress, within a few days they became disillusioned with the Congress Governments, and the BJP returned there as well. Chhattisgarh, Madhya Pradesh, Rajasthan are witnesses to this. Even in places where BJP has not been able to come to power till now, under the leadership of Hon'ble Prime Minister Shri Narendra Modi ji, BJP has surprised everyone with its performance. In West Bengal, BJP went from 3 to

Wherever the people elected Congress, within a few days they became disillusioned with the Congress Governments, and the BJP returned there as well. Chhattisgarh, Madhya Pradesh, Rajasthan are witnesses to this

77 seats and became the main opposition party, in Telangana, BJP went from 1 to 8, in the local body elections of Tamil Nadu and Kerala, BJP performed brilliantly and in Puducherry also, a BJP Government was formed. BJP MPs were elected to Rajya Sabha from Sikkim, Nagaland and Puducherry.

Last year, assembly elections were held in 9 states in the country, out of which BJP Government was formed in 6 states, namely Madhya Pradesh, Rajasthan, Chhattisgarh, Tripura, Meghalaya and Nagaland. These elections have shown that the people of the country have faith only in 'Modi's Guarantee'. The election results also gave a befitting reply to the caste-based politics of division by the arrogant alliance. BJP registered a record victory in Madhya Pradesh, winning 163 out of 230 seats with 48.62% vote share. Congress was reduced to only 66. In Chhattisgarh, BJP won 54 out of 90 seats. BJP got 46.27% votes. In Rajasthan too, BJP wrested power from Congress by winning 115 seats. Congress was once again wiped out from the North-East. This National Convention of the Bharatiya Janata Party heartily congratulates and felicitates the Hon'ble Prime Minister Shri Narendra Modi ji for this grand victory. The National convention also congratulates its National President Shri Jagat Prakash Nadda ji for this grand victory.

Viksit Bharat Sankalp Yatra:

India has seen the successful organization of Viksit Bharat Sankalp Yatra across the country in the month of November-December and January. The vehicle of Modi's Guarantee went from village to village to seek out any left-out beneficiary in the villages. For the first time in 75 years since independence, the Government of India went directly to the lakhs of villages. During the Yatra, more than 50 lakh Ayushman cards were given. More than 50 lakh people applied for insurance schemes. More than 33 lakh new beneficiaries were added under the PM Kisan Yojana. More than 25 lakh new beneficiaries were given Kisan Credit Card. More than 22 lakh new

beneficiaries applied for free gas connections. More than 10 lakh people applied to avail the benefits of PM Svanidhi. These numbers of crores and lakhs may be just figures for someone, but for our Hon'ble Prime Minister Shri Narendra Modi ji, these numbers are not just a figure, it is a life. We congratulate such compassionate and successful Hon'ble Prime Minister Shri Narendra Modi ji from the bottom of our hearts.

Honouring The Country's Great Sanatan Culture:

Hon'ble Prime Minister Shri Narendra Modi ji has brought honor and prestige to India's cultural heritage at the world stage. Apart from the preservation of Yoga, Ayurveda and Indian languages, Hon'ble Prime Minister Shri Narendra Modi ji has displayed the epitome of hard work through the reconstruction

India has seen the successful organization of Viksit Bharat Sankalp Yatra across the country in the month of November-December and January. The vehicle of Modi's Guarantee went from village to village to seek out any left-out beneficiary in the villages

of Kashi Vishwanath Corridor, Mahakal Corridor, Kartarpur Corridor, Pavagadh Shaktipeeth and the revival of cultural centers like Kedarnath, Badrinath and Somnath Dham. Today, under his leadership, the sound

of India's great cultural heritage is being heard all over the world. Just three days ago, the Hon'ble Prime Minister inaugurated a grand temple in Abu Dhabi (United Arab Emirates). This is a symbol of a changing India. Today, whenever any foreign head of state comes here or our Hon'ble Prime Minister visits other countries, he presents Shrimad Bhagwad Gita, Tulsi plant or symbols related to Indian culture. This National Convention heartily congratulates Hon'ble Prime Minister Shri Narendra Modi ji who restored the cultural consciousness of the country.

Bharat Ratna And Padmashree Awards:

Be it the country's highest civilian honor Bharat Ratna or Padma Awards, for the first time after independence, under Narendra Modi's Government, these have come out of the 'elite category'. Padma awards are now being given to such unknown social workers, reaching the marginalized castes and communities in the society which no one had even

imagined. Now these awards are not given on the basis of party, ideology or lobbying, but on the basis of their contribution in the upliftment of society and nation.

The National Convention of BJP welcomes the decision to honor the five sons of the country, Jannayak Karpuri Thakur ji (posthumously), former Prime Minister Chaudhary Charan Singh ji (posthumously) who was dedicated to the welfare of farmers, former Prime Minister PV Narasimha Rao ji (posthumously), who initiated economic reforms in the country, famous agricultural scientist M.S. Swaminathan ji (posthumously) and a fighter for democracy against the Emergency, country's former Deputy Prime Minister, respected Lal Krishna Advani ji with the country's highest civilian honor 'Bharat Ratna'. The National Convention congratulates the Hon'ble Prime Minister Shri Narendra Modi ji for this decision.

New Parliament House:

Last year, the country witnessed the inauguration of the new Parliament building, which symbolized the country getting freedom from its colonial slavery. We also witnessed the installation of Sengol, the symbol of justice, in the new state-of-the-art Parliament House. But the inauguration of this grand temple of national importance and democracy was also boycotted by the 'Indi alliance' including Congress, which was a very condemnable incident. The need for a new Parliament building was emphasized during the Congress Government itself. The new Parliament building is an intrinsic part of the vision of 'Atmanirbhar Bharat' and will be a wonderful opportunity to create a people's Parliament for the first time since independence, which will match the needs and aspirations of the 'New India'. We heartily congratulate our Hon'ble Prime Minister Shri Narendra Modi ji for giving a new Parliament building to the nation in record time.

Nari Shakti Vandan Adhiniyam:

The amount of work done for women's welfare and upliftment under Shri Narendra Modi ji's Government is unprecedented. There was a demand for women's reservation in the Lok Sabha and Legislative Assemblies for 27 years. Shri Narendra Modi ji's Government created history by passing the Nari Shakti Vandan Adhiniyam 2023 with the aim of empowering women, as soon as they entered the new Parliament House during Amrit Kaal. Certainly this is a reflection of the new and developed India. This shows gratitude towards the women of Indian democracy under the leadership of Hon'ble Prime Minister Shri Narendra Modi ji. In India, women power strengthens

the nation and sustains the society like a mother goddess, always nurturing it. If women take a resolution to take the country forward, then there is no power in the world that can defeat them. The National Convention of BJP heartily congratulates our Hon'ble Prime Minister Shri Narendra Modi ji for passing this historic law to empower women.

The amount of work done for women's welfare and upliftment under Shri Narendra Modi ji's Government is unprecedented. There was a demand for women's reservation in the Lok Sabha and Legislative Assemblies for 27 years. Shri Narendra Modi ji's Government created history by passing the Nari Shakti Vandan Adhiniyam 2023 with the aim of empowering women, as soon as they entered the new Parliament House during Amrit Kaal

Country's Flight Into Space:

India also set many records in the field of space in 2023. Chandrayaan-III set a world record by landing on the south pole of the Moon. India became the first country in the world to do so. This is a matter of pride for every Indian. The success of Chandrayaan-III mission in just four years would not have been possible without the support of Hon'ble Prime Minister Shri Narendra Modi ji. Not only this, India has set another record by successfully launching the Aditya L-1 mission to study the Sun and placing it at Langer Point. By doing this, India became one of the few countries which has successfully launched a mission to study the Sun. The National Convention of BJP thanks the scientists of the country for these great achievements and heartily congratulates our Hon'ble Prime Minister.

Caste Based Politics Vs Welfare Of Every Class:

On one hand 'Indi alliance' is busy in doing caste based divisive politics, on the other hand Prime Minister Shri Narendra Modi Ji has made it clear that there are only four castes in the country - Poor, Farmers, Youth and Women. The Poor, Farmers, Youth and Women of the country are at the center of every scheme of Shri Narendra Modi ji's Government. This will not only empower them but will also play a major role in making the country a leader in the world. Shri Narendra Modi ji's Government has decided to provide free food grains to more than 81 crore people for the next five years. This is the largest public welfare program of its kind in history. The National Convention of BJP expresses its heartfelt gratitude to the Hon'ble Prime Minister Shri Narendra Modi ji for the all-encompassing and all-inclusive development of the country on the principle of 'Sabka Saath, Sabka Vikas' by eliminating the politics of caste, family and appeasement from the country.

For centuries, millets i.e. coarse grains (Shri Anna) were the staple food of India, but gradually these coarse grains became completely marginalized. On the initiative of Hon'ble Prime Minister Shri Narendra Modi ji, 2023 was celebrated as the International Year of Millets

Bharatiya Nyay Sanhita:

Since the independence of the country, there has been a feeling of need for changes in the laws introduced during the British era. Under the leadership of the Hon'ble Prime Minister Shri Narendra Modi ji, Union Home and Cooperation Minister Shri Amit Shah replaced the Indian Penal Code, 1860 with Bharatiya Nyay Sanhita, 2023. This is an important milestone in the journey towards freedom from colonial slavery. The National Convention of BJP welcomes this historic change and for this, while congratulating Union Home and Cooperation Minister Shri Amit Shah ji, it heartily congratulates its Prime Minister Shri Narendra Modi ji.

International Year of Millets:

For centuries, millets i.e. coarse grains (Shri Anna) were the staple food of India, but gradually these coarse grains became completely marginalized. On the initiative of Hon'ble Prime Minister Shri Narendra Modi ji, 2023 was celebrated as the International Year

of Millets. The Prime Minister called Millets as 'Shri Anna'. The Global Millets (Shri Anna) Conference was also organized. More than 80% of the millets grown in Asia are produced in India. This will greatly benefit the small farmers of India, and will also help in keeping people healthy. The National Convention of BJP heartily congratulates its Hon'ble Prime Minister Shri Narendra Modi ji for bringing the whole world on one platform towards Millets and promoting it.

Severe Natural Disaster in Himachal:

Last year, Himachal Pradesh faced a severe natural disaster. There was a lot of damage to life and property in this. The National Convention of BJP expresses its deepest condolences to the people and families of the victims of this disaster in Himachal Pradesh. The speed with which Shri Narendra Modi ji's Government provided assistance to Himachal Pradesh is commendable. Our Home Minister also took necessary steps immediately. Our National President Shri

Jagat Prakash Nadda ji remained in constant touch with the local Government, visited the affected areas and left no stone unturned to provide assistance. The National Convention of Bharatiya Janata Party thanks Hon'ble Prime Minister Shri Narendra Modi ji, National President Shri Jagat Prakash Nadda ji and Union Home and Cooperation Minister Shri Amit Shah ji for this.

Meri Mati - Mera Desh:

Last year, a unique patriotic program like 'Meri Mati - Mera Desh' was organized under the leadership of Hon'ble Prime Minister Shri Narendra Modi ji. The aim of this All-India Contact Initiative was to reach every household in the country. Under the nationwide campaign 'Meri Maati Mera Desh', all the sons of the country who sacrificed their lives for the nation, were honored. During the campaign, programs were organized in 4,419 blocks across the country. Soil was collected from every corner of the country, which was placed in an urn and ceremoniously installed in

Amrit Vatika and Amrit Mahotsav Memorial during the closing ceremony of Azadi Ka Amrit Mahotsav. The National Convention of BJP heartily congratulates our Hon'ble Prime Minister Shri Narendra Modi ji, who has bound the entire nation in one thread of patriotism.

The Incident That Shames Humanity In Sandeshkhali, West Bengal Is Condemnable:

Recently an incident has shocked the entire country. A heart-wrenching incident has come to light from Sandeshkhali in West Bengal. None of us had heard of such a barbaric and such a painful incident in independent India. This is not only an incident that tarnishes West Bengal but also an incident that puts humanity to shame. The way the dignity of women was violated by her leaders and her party under the protection of a woman Chief minister, that can definitely not be a sign of a civilized society. Bharatiya Janata Party strongly condemns this gruesome incident and demands immediate strict action against the culprits.

Farmers Welfare:

During the time of Congress, the total annual budget for agriculture was Rs. 25 thousand crores. The budget for agricultural welfare in Shri Narendra Modi ji's Government is Rs. 1.25 lakh crore. During its 10-year tenure, Congress had purchased paddy and wheat worth Rs. 7 lakh crore from farmers. The Modi Government has purchased paddy and wheat worth about Rs. 18 lakh crore in 10 years. The Congress Government made only nominal purchases of pulses and oilseeds. We have purchased pulses and oilseeds worth more than Rs. 1.25 lakh crore. Under PM Kisan Samman Nidhi, Rs. 2.8 lakh crores were sent directly to the accounts of farmers. Rs. 1.5 lakh crore has been given to farmers under PM Crop Insurance Scheme. For the first time in the country, separate ministries were formed for fishermen and animal husbandry. For the first time, Kisan Credit Cards were given to cattle rearers and fishermen, so that they can get money from the bank at low interest and can expand

their business. We have administered more than 50 crore vaccines to save animals from Foot and Mouth disease, which no one had ever thought before. This National convention welcomes its Hon'ble Prime Minister Shri Narendra Modi ji for writing a new chapter of farmer welfare.

Economy Taking Off:

India is currently the fastest growing major economy in the world. India has moved from Fragile 5 to Top 5 within 10 years. India is now on track to become a \$5 trillion economy and the third largest economy by 2027. The dream of 'Viksit Bharat' will definitely come true before 2047 because this is the 'Modi Guarantee'. Our GDP growth rate has consistently remained among the highest in the world in recent years. Our foreign exchange reserves are at

India is currently the fastest growing major economy in the world. India has moved from Fragile 5 to Top 5 within 10 years. India is now on track to become a \$5 trillion economy and the third largest economy by 2027. The dream of 'Viksit Bharat' will definitely come true before 2047 because this is the 'Modi Guarantee'

record levels. Schemes like PM Gati Shakti Yojana, Production Linked Incentive have greatly strengthened the country's economy. Many initiatives such as Digital India, Make in India, Skill India, Stand-up India, Start-up India, Mudra Yojana, Roozgar

Mela, Tourism Policy, Drone Policy, Defense Corridor, Freight Corridor, Economic Corridor have created immense employment opportunities in the country. Under the Roozgar Mela, appointment letters have been given to about 8 lakh youth in just a few months.

There has been a commendable revival in the banking sector and the health of the entire financial sector has improved. Gross NPAs were at a decade low of 3.2% in September 2023, significantly lower than their peak value of 11.2% in 2017-18. India has been growing at a consistent growth rate of 7%+ in the last three years. The average GDP growth during 2014-24 is 7.1%.

After importing almost all smartphones in 2014, India saw an 11-fold increase in domestic production of smartphones and has now become the world's second largest smartphone maker, having exported over 1,00,000 crore smartphones last year alone. Every global electronics brand

including global smartphone brands like Apple, Samsung, Motorola, Google are making India their preferred manufacturing base. Owing to the Semiconductor policies of the Modi Government, global semiconductor giants are setting up plants for packaging and fabricating semiconductor in India – further giving a boost to the electronics, automotive, industrial, telecom and other manufacturing sectors. The share of states in GST has also increased significantly as compared to before.

Under the UPA Government, there was a considerable slowdown in all the infrastructure projects initiated by the previous NDA Government, be it the Golden Quadrilateral, Gram Sadak Yojana or the North-South, East-West corridors. Many large and ambitious infrastructure projects in both the private and public sectors were either in a constant 'under construction' state or had been discontinued. A large number of lost and delayed infrastructure projects have been completed rapidly, such as the Saryu Canal (completed after 43 years), Bogibeel Bridge (after 16 years), Kosi Bridge (after 86 years), Jewar Airport (after 16 years), Bidar-Kalaburagi Rail Line (after 17 years) scheme was also completed during Shri Narendra Modi ji's Government. The Government has effectively cleaned up the coal sector and One Nation One Grid One Frequency has been instrumental in identifying the energy requirement and supply. The energy gap has been reduced from 4.2% in 2013-14 to only 0.3% in 2023-24.

The Government has sanctioned more than 46 crore loans under Mudra Yojana, which has led to the creation of a large number of jobs. Approximately 215,000 women, SC, and ST individuals are set to initiate new businesses under Stand-Up India, with bank loans totaling around Rs. 49,000 crore sanctioned to entrepreneurs. Rs.10,000 crore provided as collateral free loans under PM Svanidhi scheme to more than 63.4 lakh street vendors. Under PM Vishwakarma Yojana, skill training and education will be provided to the families of

traditional artists and craftsmen, end-to-end holistic support including collateral-free loans is also being provided. With these efforts, the marginalized castes which were bereft of development are being brought into the mainstream of development. Self-help groups have been promoted. Due to the vision of Hon'ble Prime Minister Shri Narendra Modi ji, about one crore women have become Lakhpati Didi. Now the Government has set a target of creating 2 crore Lakhpati Didis in the next 5 years.

There are approximately 3.5 crore MSMEs registered on the Udyam Assist portal. About Rs. 25 lakh crore (6 times more than before 2014) has been sanctioned over the last few years as guarantees under the Credit Guarantee Scheme for MSMEs. The Startup India program has become a launchpad for ideas in India. India has broken all its export records

till now in the defense sector. For the first time, Rafale joined our fighter fleet. Even after 70 years of independence, there was no electricity in 18 crore villages of the country. Shri Narendra Modi ji's Government

has connected every village and every house with electricity.

In 2014, there were only nominal start-ups in the country, today there are 1,20,310 start-ups. Meaning, in the 70 years of independence, only a few start-ups were formed in the country, whereas in only 10 years of Shri Narendra Modi ji's Government, about 1.2 lakh start-ups were formed. This means that in every year of the Modi Government, 12 thousand start-ups were formed in the country. Today more than 110 unicorns exist.

In 2016, Hon'ble Prime Minister Shri Narendra Modi ji announced from the Red Fort, to provide water to every farm. In 2014, 36.7% of the land was under irrigation, today more than 51% of the land is irrigated.

The Prime Minister had also announced plans to connect every corner of the country with 75 Vande Bharat trains. Till now 41 Vande Bharat trains have been started. He also announced Sainik School for Girls.

The Prime Minister had also announced plans to connect every corner of the country with 75 Vande Bharat trains. Till now 41 Vande Bharat trains have been started. He also announced Sainik School for Girls

In the Congress Government, about 69 km of roads were being built every day, whereas in the Shri Narendra Modi ji's Government, 130 km of roads are being built every day. In 2014, the total length of railway lines in the country was 22,048 km, which has increased to 55,198 km in just 10 years. In 2014, the total length of expressways in the country was 680 km, today it is 4,067 km. The country's per capita income in 2014 was Rs. 86,467, today it is Rs. 1,72,000.

From independence till 2014, only 55% villages of the country were connected to PM Gram Sadak Yojana, today this figure has reached 99% by constructing more than 4 lakh km of rural roads in 10 years. From independence till 2014, there were only 7 AIIMS in the country, today there are 22. The number of IIMs has increased from 13 to 20, the number of IITs has increased from 16 to 23. Medical colleges have increased from 387 to 660 and the number of seats has also doubled.

Initiatives like Mudra Yojana, Svanidhi Yojana, Swabhlamban Yojana, PLI, Gatishakti Yojana, Make in India, Skill India, Start-up India have opened a sky of opportunities for the youth to move forward. This National Convention heartily congratulates its Hon'ble Prime Minister Shri Narendra Modi ji for making the country economically strong and one of the leading economies in the world.

Covid Management:

Earlier, we used to depend on imports for vaccines during any epidemic or disease. The country had to yearn for vaccines for many diseases for decades. During Covid, with the inspiration of Hon'ble Prime Minister Shri Narendra Modi ji, two world-class indigenous vaccines were developed and implemented in just 9 months. More than 220 crore double-dose vaccinations took place in record time. Crores of people were also given the third dose of Covid, and this entire vaccination program was run 'free of cost' by Shri Narendra Modi ji's Government in the interest of common citizens. The

opposition raised all kinds of questions on the quality of the vaccine and on the country's scientists, but the people of the country did not listen to them. At the call of Hon'ble Prime Minister Shri Narendra Modi ji, the people of the country fought a decisive battle against Corona, encouraged the Corona Warriors, and BJP presented a unique example of service to humanity under the 'Seva hi Sangathan' campaign. Hon'ble Prime Minister Shri Narendra Modi ji protected the entire India during the Corona period, arranged free food and medicines for them, talked to doctors and health workers continuously, and encouraged them. The BJP National Convention is proud of its Prime Minister.

Modi Government, For The Third Consecutive Time In 2024:

The National Convention of the Bharatiya Janata Party expresses unwavering respect and confidence in the leadership of the Hon'ble Prime Minister, Shri Narendra Modi Ji. Under the leadership of the Hon'ble Prime Minister Shri Narendra Modi ji, the Bharatiya Janata Party will form the Government at the Center with an overwhelming majority for the third time. The

BJP, under the guidance of the Hon'ble Prime Minister, is poised to surpass the victory mark of 370 seats, and the NDA is expected to cross 400. The National Convention of the Bharatiya Janata Party expresses unwavering confidence that the third term of the Government of Shri Narendra Modi ji will further accelerate the pace of development in the country and achieve new records of success. The National Convention of the Bharatiya Janata Party assures its leader and Hon'ble Prime Minister Shri Narendra Modi ji, that the entire party organization, along with every Karyakarta, is committed to following the path shown by him with dedication so that Viksit Bharat can be achieved by 2047. May the dream come true. ■

Vande Mataram! Bharat Mata ki Jai !!

The National Convention of the Bharatiya Janata Party expresses unwavering confidence that the third term of the Government of Shri Narendra Modi ji will further accelerate the pace of development in the country and achieve new records of success

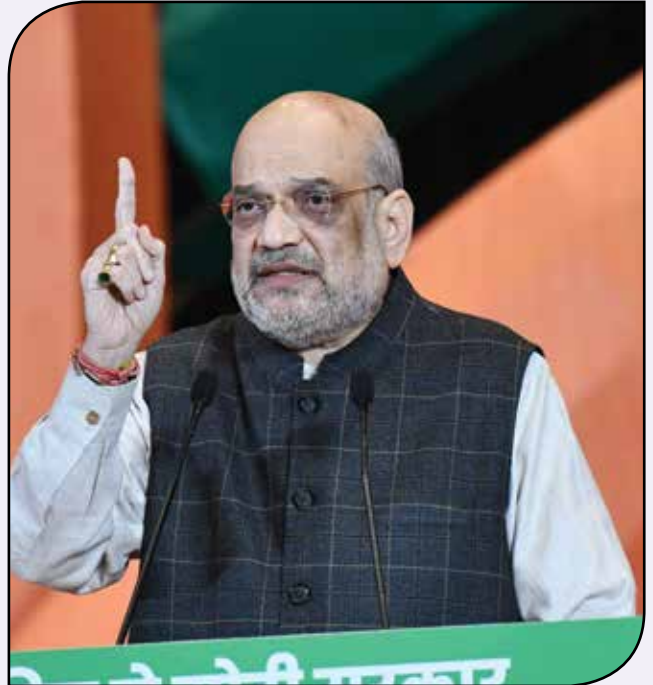

RESOLUTION - 2

'BJP—DESH KI ASHA, VIPAKSH KI HATASHA'

'UNITE UNDER THE STRONG LEADERSHIP OF PM MODI WITH THE RESOLVE OF A DEVELOPED INDIA'

On the second day of BJP National Convention held at Bharat Mandapam in New Delhi on 18 February 2024, the Resolution on 'BJP—Desh ki Asha, Vipaksh ki Hatasha' was moved by Union Home and Cooperation Minister Shri Amit Shah. This Resolution was seconded by the Union Minister of Tribal Affairs, Ministry of Agriculture and Farmer Welfare Shri Arjun Munda, Haryana Chief Minister Shri Manohar Lal Khattar and Madhya Pradesh Chief Minister Shri Mohan Yadav.

The Resolution highlighted the selfishness, nepotism, corruption, negative, and defeatist politics of Congress and asked for the defeat of INDI Alliance and to unite under the strong leadership of Prime Minister Shri Narendra Modi with the resolve of a developed India. Here we are publishing the full text for our valued readers:

The opposition in Indian politics is unable to make its due contribution owing to negativity, narrow-mindedness and corruption surrounding them. In this opposition, we have the Congress and the recently formed 'INDI Alliance', which is constantly disintegrating due to mutual self-interest, differences and directionless leadership. On one hand, a political party like Congress is suffering from arrogance, on the other hand, the entire national leadership of the 'Aam Aadmi Party' is in jail for their indulgence in the excise scam. The mentality of the opposition is reflected in the fact that the baseless statements given by the DMK leaders are unnecessarily hurting the basic spirit of India. While the INDI Alliance flaunts its democratic credentials, in reality, one of its major

partners, TMC, is actively using the state machinery to deprive women and other citizens of their rights.

It is ironic that even after losing two consecutive elections, with its support and sphere of influence continuously declining, the arrogance of both the Congress party and its leaders is at its peak. The culmination of this is that the main leader of Congress goes abroad and questions the democracy of India and even invites foreign intervention in its democratic process. Over the past decade, India has witnessed several notable milestones that have stirred moments of national pride. These moments include significant strides towards economic justice through the implementation of GST, the historic election of Mrs. Draupadi Murmu, a member of the tribal

community as the President of India, the inauguration of the new Parliament House in 'Amrit Kaal', India's leadership role in international forums like the G-20, and the installation of the revered 'Sengol' symbol, representing justice, policy, and Indian cultural values in politics. Despite these achievements, the Congress-led opposition has consistently chosen to boycott such occasions.

The mentality of the Congress and its allies shows that their politics is not based on policy and principles, but only on the phobia of Prime Minister Shri Narendra Modi. On the one hand, there is ample evidence of their negative thinking, while on the other hand, Prime Minister Shri Narendra Modi has tried to create a positive atmosphere in the country by establishing dialogue with all sections of society and taking them along. By following the rules and regulations in his personal life to participate in the 'Pran Pratishtha' of Shri Ramlalla, he performed all the rituals with positive energy.

The Nation has seen the period in 2014 when corruption was rampant during the UPA government led by Congress. Even today, Congress leaders and its allies are found involved when Rs 350 crore in cash is seized in Jharkhand, crores of rupees are seized in Tamil Nadu, and in Chhattisgarh, even Mahadev's name is not spared and crores of rupees are cheated via the Mahadev Betting APP. This shows that Congress's lust for power and hunger for corruption has not yet been settled.

Unfortunately, the opposition has repeatedly broken the decorum of Parliament. Not only did they obstruct the work of the Parliament, but they also targeted and ridiculed the highest persons sitting on the constitutional posts. The Congress has tarnished the role of a credible opposition. The opposition should also answer why the allegations leveled by them have been rejected by the court every time. They also did not express regret when they were held guilty by the court for making casteist remarks about the Prime Minister, who comes from the OBC

community. The Congress, which repeatedly defames the central agency, should tell what action the party has taken against its leaders from whose houses the money of corruption was found. The biggest irony is that Congress is also worried about the country's economy, which has transformed from the world's fragile economy (during the UPA era) to the world's fifth-largest economy. The negative mindset of the opposition is not a good sign for the democracy of the country.

Congress: Mother of Instability

The Indian democratic journey has been a witness to the continuous misuse of Article 356 since the time of Jawaharlal Nehru for destabilizing non-Congress governments. The crisis in the country peaked when the Congress party threw the country into turmoil by

imposing an emergency. The Congress has always mocked democracy by destabilizing the governments led by Chaudhuri Charan Singh, C. Rajagopalachari, Inder Kumar Gujral, or Deve Gowda. Today, the congress is supporting the Aam Aadmi Party

government in Delhi. In the past, Congress negated the AAP Party, now they are together in the INDI alliance. The Congress party, once called Mamata Banerjee the most corrupt leader, has made TMC a part of the INDI Alliance. The Congress continues to play love and hate with the Samajwadi Party in Uttar Pradesh. Today, all the small parties that have joined the Congress alliance are not doing so out of any faith in democracy but to maintain nepotistic beliefs and hierarchies. If seen closely, the Congress is the mother of instability in the country.

Discord, Bitterness, Cunningness, and Deviousness: Synonyms for the 'INDI' Alliance

The Bharatiya Janata Party has opposed dynastic politics in India, arguing that political parties should not be run based on nepotism and inheritance. However, the Congress party and its INDI Alliance partners wish to run the country's politics based on

The Bharatiya Janata Party has opposed dynastic politics in India, arguing that political parties should not be run based on nepotism and inheritance. However, the Congress party and its INDI Alliance partners wish to run the country's politics based on dynasty which is unacceptable in a democracy

dynasty which is unacceptable in a democracy. Today, Indian citizens are aware that when the Congress-led UPA government (tainted by 10 years of corruption scandals) lost its credibility, it cleverly tried to mask a new face by forming the 'INDI Alliance'. However, the recent assembly elections have shattered this illusion by Congress. INDI Alliance, which claimed to bring a change in power, has now become synonymous with discord, bitterness, cunningness, and deviousness. Regional parties in the INDI Alliance are also realizing that they will be burdened by the alliance in the upcoming 2024 elections. Therefore, from Punjab to Bengal, regional parties are trying to get rid of the INDI Alliance. It is extremely unfortunate that the 'Tukde-Tukde' gang, which conspired to divide the country in 2019, is now part of the Congress' advisory board.

For a long time, the Congress leadership has been indulging in activities aimed at dividing the country. Recently, in Karnataka, the brother of a deputy Chief minister in the Congress government and a Lok Sabha MP from the Congress openly demanded that South India be recognized as a separate country

welfare schemes run in the name of the poor were tools of corruption, as acknowledged by Rajiv Gandhi himself, who said that out of every rupee, only 15 paise reached the public. Due to this widespread corruption and looting, the country could not develop for many decades even after independence. Poverty, hunger, and unemployment plagued the common people while Congress leaders enjoyed a life of luxury and comfort.

The Congress had neither the knowledge of the needs of the poor nor did they ever seriously intend to alleviate poverty in the country. Today, through various innovative schemes, even the poorest of the poor in the country are getting homes, health insurance, gas cylinders, clean drinking water, electricity, access to banking, and free rations. Under the leadership of Prime Minister Shri Narendra Modi, 25 crore people have risen above multidimensional poverty in just one decade, and even after global pandemics like COVID-19, the rate of extreme poverty in the country has decreased to less than 1 percent.

The Bizarre Combination of the INDI Alliance

The 'Indi' alliance, formed solely to oppose Prime Minister Shri Narendra Modi, lacks any ideological basis. The various parties involved in it are contesting against each other in elections and are mostly political opponents. In Kerala, the Congress and the Communists fight against each other, while in Punjab, the Aam Aadmi Party (AAP) contests against the Congress. In West Bengal, the Trinamool Congress (TMC) and the Congress Party are staunch rivals. There is neither ideological similarity nor harmony among them, nor do they have any common agenda. Their only goal is to stop Prime Minister Shri Narendra Modi.

Congress: Anti-poor

The Congress party has, at one time, advocated for the eradication of poverty, but its character has always been anti-poor, anti-Dalit, anti-backward, anti-farmer, and anti-worker. This is the reason why the congress government could never digest the fact that a person born into a poor tea-seller family is a Prime Minister today. Right from the beginning, the

Corruption has deeply entrenched the Congress and its allied parties

The Narendra Modi government's relentless campaign against corruption under zero tolerance towards corruption is ongoing with full force. Recoveries of hundreds of crores in cash have been made from the residence of a Congress Member of Parliament, and cash was seized from the Delhi residence of a sitting Chief Minister. Liquor scandals in Delhi and the 'Mahadev APP scandal' in Chhattisgarh have shaken the public. It has become evident under the leadership of Shri Narendra Modi Ji that those who have looted the country will have to return the looted wealth to the nation. No one will be spared in corruption cases, regardless of their stature. This National Convention congratulates Prime Minister Shri Narendra Modi for his successful efforts to give a corruption-free governance to the country.

Congress's divisive politics

For a long time, the Congress leadership has been indulging in activities aimed at dividing the country. Recently, in Karnataka, the brother of a deputy Chief minister in the Congress government and a Lok Sabha MP from the Congress openly demanded that South India be recognized as a separate country. The entire Congress leadership remained silent on this issue.

The Congress, which expels a Hindu saint associated with its party for supporting traditional culture, protects those who make divisive statements. It is clear, that the Congress supports are divisive elements. Congress leaders engage in discussions with all kinds of divisive forces within the country and abroad. Individuals involved in the Coimbatore bomb blast are released, and those chanting slogans like "Bharat Tere Tukde Honge" are made the face of Congress campaigns.

The involvement of Congress with individuals like George Soros, who sponsor divisive activities, is evident. Demand for interference in India's democracy by foreign powers is made after visiting foreign lands. Congress leaders seek assistance against the Modi government from Pakistan and sing praises of Pakistan.

Many Congress leaders have visited Pakistan and collaborated with anti-India forces. During the abrogation of Article 370, Congress leader Adhir Ranjan Chowdhury in the Lok Sabha demanded consent from Pakistan. This collaboration with Pakistan does not stop here. Pakistan uses the official statements of Rahul Gandhi on Article 370 for their benefit at the UN forum.

Attack on Indian culture

Boycotting the 'Pran Pratishtha' ceremony of Ramlalla at Shri Ram Janmabhoomi in Ayodhya is the epitome of the appeasement politics of the opposition. Various components of the INDI Alliance, including the Congress, Samajwadi Party, Rashtriya Janata Dal, Trinamool Congress, Aam Aadmi Party,

DMK, among others, make derogatory comments about the Shri Ram Mandir.

Congress President Mallikarjun Kharge says that if the Narendra Modi government returns in 2024, the establishment of Sanatan will take place in India. His son and Karnataka Minister Priyank Kharge make every possible effort to denigrate Sanatan culture. When DMK, a coalition partner of Congress, compares Sanatan with diseases like dengue, malaria, and AIDS, Congress MP Karti Chidambaram supports it.

Leaders of coalition partners of the INDI Alliance, such as the Rashtriya Janata Dal and the Samajwadi Party, continuously spew venom against Sanatan Dharam. This list includes leaders of the Aam Aadmi Party, from Arvind Kejriwal and Manish Sisodia to Rajendra Gautam and Gopal Italia, who insult Hindu deities.

How Congress Opposes All Progressive Schemes

If we look at the past decade, we will see that on every occasion, the Congress habitually opposed all those schemes which they supported during their time. The congress criticizes the present government for its reforms on the digital revolution

Under the leadership of Prime Minister Shri Narendra Modi, in the past decade, all the historic decisions and steps taken to achieve the goals of a developed India have been opposed by the Congress and its allied

parties. Whether it was about revoking Article 370, implementing strict laws on triple talaq, amending the Citizenship Act, enacting tough anti-terrorism laws, or providing safeguards to the people of Jammu and Kashmir, Dalits, tribals, and backward communities, Congress has opposed every step. Furthermore, it made reprehensible attempts to undermine the morale of our country's soldiers by questioning the achievements and preparedness of the armed forces from time to time.

Politics of support and opposition

If we look at the past decade, we will see that on every occasion, the Congress habitually opposed all those schemes which they supported during their time. The congress criticizes the present government for its reforms on the digital revolution. The congress

which gave the slogan of 'Garibi Hatao' opposed Jan-Dhan bank accounts. Whether it is UPI or Aadhaar, Congress opposed all the issues. The same GST (Goods and Services Tax) that it used to advocate, Congress started opposing when it was time to implement it practically. During Congress's rule, there were several proposals for a new parliament building, but when Honorable Prime Minister Shri Narendra Modi inaugurated the construction of the new parliament building, Congress opposed it. In reality, this was an insult to the temple of democracy. The Congress, which shed crocodile tears for the backward classes, could not grant constitutional status to the backward classes commission during its ten-year tenure, and it is well-known how much Rajiv Gandhi opposed backward class reservations. When the COVID pandemic was spreading worldwide and India was grappling with the pandemic, not only did Congress work to break the morale of the country, but it also created obstacles in the steps taken to fight this global pandemic. It even opposed the 'Made in India' vaccine. If we look closely, Congress has opposed every historic and transformative step taken by Prime Minister Shri Narendra Modi, regardless of how beneficial it may be for the country.

Disrespect of the country's constitutional institutions and scientists by the Congress

Disrespecting all the constitutional institutions of the country is an old habit of the INDI Alliance. Not only do they make irresponsible statements about the judiciary, legislature, executive, and election commission, but they also do not hesitate to criticize the country's scientists. The country's Chief of Army Staff has already been referred to using derogatory language. Congress President Mallikarjun Kharge is questioning the scientists who contributed significantly to the success of the Chandrayaan mission by comparing poverty eradication with the Chandrayaan Mission! Even during the COVID era, questions were raised about the country's vaccines,

disrespecting eminent scientists. Additionally, there were unsuccessful attempts to restrict foreign companies.

Congress's immature and irresponsible politics

Congress has consistently avoided self-reflection on its mismanagement by blaming the country's constitutional institutions, including the Constitution, judiciary, parliament, election commission, EVMs, and even voters. As a result, Rahul Gandhi is now going abroad and claiming that India's democracy is in danger, appealing for intervention in India's internal matters from foreign countries. While on the one hand, they insult India which is known as the

mother of democracy, on the other hand, despite numerous warnings, they repeat the same mistakes. The country still remembers how they had to apologize before the Supreme Court for statements like "Chowkidar Chor

Hai." Congress is unable to learn from its mistakes and continues its fraudulent politics. Congress and its allies are endangering their credibility with such immature and irresponsible politics.

Politics of violence and lawlessness by the INDI Alliance

The Indian National Congress and most of its coalition partners in the INDI Alliance have been involved in a politics of lawlessness and violence. Recently, horrifying incidents have come to light in Sandeshkhali, West Bengal, which shook everyone. The Trinamool Congress has been consistently targeting BJP workers in West Bengal, attempting to suppress the voice of the people through violence. Similarly, in Kerala, several incidents of murder and violence against BJP workers have occurred under the CPI(M) government and its allied parties. The jungle raj established by the Rashtriya Janata Dal in Bihar is still remembered by the country. Wherever Congress has been in power, Dalits, tribals, women, farmers, and the common people have faced various forms of oppression, harassment, and atrocity. BJP

The Indian National Congress and most of its coalition partners in the INDI Alliance have been involved in a politics of lawlessness and violence. Recently, horrifying incidents have come to light in Sandeshkhali, West Bengal, which shook everyone

applauds the dedication of its workers who are risking their lives to fight against the violence and lawlessness promoted by Congress and its allied parties across the country. We are committed to continuing our struggle against such negative politics.

Congress's Downfall is Certain

It is extremely unfortunate that the Congress and its coalition partners could not comprehend the national significance of the 'Pran Pratishtha' ceremony of Lord Shri Ram in Ayodhya. While the entire nation came together to celebrate this auspicious occasion as a festival and express reverence towards Lord Shri Ram, the Congress and its allies remained distant due to their ideological disoriented politics.

The Congress, blinded by its vote bank politics, has never stood with the citizens on any national issue. Not only that, whenever there is a matter of national importance that enhances the pride and honor of the country, Congress only creates obstacles. It not only opposed the Ram Mandir movement but stooped so low as to question the existence of Lord Ram. Even today, perhaps Congress regrets that it could not break the 'Ram Setu' and is now unable to accept the truth of the construction of the magnificent Shri Ram Mandir in Ayodhya.

As people witness the opportunistic vote bank politics of Congress and its allies, there is no doubt that the nation will never forgive them. The continuous downfall of the Congress has led it to a point from where it is impossible to return. The intellectual decline that began after independence resulted in its organizational deterioration. The result was the rise of power-centric and disoriented ideology, which

Today, this politics has become a symbol of all kinds of vices and evils in politics. It is not just dynastic politics but has also become synonymous with divisive politics based on caste, region, community, and appeasement, thanks to the politics of the vote bank

became the cause of Congress's downfall.

Today, this politics has become a symbol of all kinds of vices and evils in politics. It is not just dynastic politics but has also become synonymous with divisive politics based on caste, region, community, and appeasement, thanks to the politics of the vote bank. Today, when the public has rejected it from power and is learning lessons in every election, Congress is relying on negative propaganda and lies in politics. It believes that by repeating baseless accusations, it can return to power.

As long as Congress remains detached from constructive politics, disrespecting democratic institutions, and supporting those who break the country, the public will continue to teach it lessons in elections. This National Convention of the BJP calls upon the selfishness, nepotism, corruption, negative, and defeatist politics of Congress and the INDI Alliance to be defeated and to unite under the strong leadership of Prime Minister Shri Narendra Modi with the resolve of a developed India. ■

Vande Mataram! Bharat Mata ki Jai !!

**STATEMENT ON RAM TEMPLE****RAM TEMPLE HERALDS ESTABLISHMENT OF
'RAM RAJYA' FOR NEXT 1000 YEARS**

BJP National President Shri Jagat Prakash Nadda made a statement on 'Ram Temple' at the BJP National Convention in New Delhi on 18 February 2024.

Expressing deep satisfaction, he said the construction of a grand and divine temple of Lord Shri Ram at Ayodhya is a historic and glorious achievement for the country. This heralds the establishment of 'Ramrajya' in India for the next one thousand years with the beginning of a new 'Kalachakra'. The BJP Convention heartily congratulated Prime Minister Shri Narendra Modi for successfully conducting the consecration of Lord Ramlalla. Following is the full text of the statement:

Jai Siya Ram

The construction of a grand and divine temple of Lord Shri Ram at his birthplace in the ancient holy city of Ayodhya is a historic and glorious achievement for the country. This heralds the establishment of 'Ramrajya' in India for the next one thousand years with the beginning of a new 'Kalachakra'. This convention of the Bharatiya Janata Party heartily congratulates the leadership of the Honorable Prime Minister for successfully conducting the consecration of Lord Ramlalla.

The consecration ceremony of Shri Ramlalla was celebrated as a national festival which established the beginning of a new era. Ram Mandir is a symbol of India's vision, philosophy, and path of enlightenment. Shri Ram Temple has truly become a temple of national consciousness. Every Indian is happy to see the divine life-consecration of Lord Shri Ram amidst the villages and towns which have been painted with

the colors of devotion and the joyful slogan of 'Jai Jai Shri Ram' seems to ring from every corner of the country. The Prime Minister of this culture-conscious country, Shri Narendra Modi gave grandeur to this historical moment and created an atmosphere of celebration.

It was the determination of the Bharatiya Janata Party, that a grand Ram temple should be built in Ayodhya. By the grace of Lord Shri Ram, Honorable Prime Minister Shri Narendra Modi ji got the privilege of doing both the sacred work of 'Bhoomi Pujan' and 'Pran Pratistha' of this historical temple.

After the decision of the Supreme Court on 9 November 2019, the Central Government led by Honorable Prime Minister Shri Narendra Modi without any delay formed Shri Ram Janmabhoomi Teerth Kshetra, as a result of which the construction work of Shri Ram temple went on at a fast pace and within just four years, the consecration of the idol of Ramlalla

was completed on 22 January 2024.

22 January was the day of aspiration and accomplishment for crores of Ram devotees, the renaissance of India's spiritual consciousness, and the beginning of the journey back to great India. With the blessings of Lord Shri Ram, 22 January became a holy occasion for all Indians and Ram devotees spread across the world.

Many generations had kept wishes in their hearts for hundreds of years, that has been fulfilled at a time when the nation is moving towards achieving the goals of a Viksit Bharat under the leadership of Prime Minister Shri Narendra Modi. The grand and divine Ram Temple of Ayodhya is imprinted in the consciousness of every Indian and has become a reflection of the richness of cultural heritage.

The nation, freeing itself from the mentality of slavery, creates a new history by taking inspiration from every part of the past. Under the leadership of the Honorable Prime Minister, our government has achieved unprecedented and remarkable success in preserving and promoting the cultural heritage of India.

In the last ten years, under his leadership, Prime Minister Shri Narendra Modi ji worked to connect the spiritual heritage of India with the unity of the country. Through his unwavering commitment towards religion, he started many such programs that are taking India towards a bright future.

It is noteworthy that Lord Shri Ram, Mata Sita, and the Ramayana are present in every aspect of Indian civilization and culture. Our Constitution, dedicated to our democratic values and justice for all, has been inspired by the ideals of Ramrajya. Even in the original copy of the Constitution of India, in the section on fundamental rights, the picture of Lord Shri Ram, Mother Sita, and Lakshman ji after returning to Ayodhya after the victory, is proof of the fact that Lord Shri Ram is the source of inspiration for the fundamental rights. The idea of Ramrajya was also in the heart of Mahatma Gandhi. He used to say that the idea of Ramrajya is the idea of true democracy. Following the ideals of Lord Shri Ram, Prime Minister Shri Narendra Modi has implemented the spirit of Ram Rajya in the true sense by establishing good governance in the country. The temple of Lord Shri Ram will play a decisive role in fulfilling the resolve

that we have adopted in building Viksit Bharat.

Our Honorable Prime Minister has played an impeccable role in uniting the entire nation on this auspicious occasion associated with Lord Shri Ram. He followed the difficult Yama-Niyamas with full dedication to the ritual of consecration of the idol of Shri Ramlalla. During this, he also visited important pilgrimage places associated with Lord Shri Ram from Nashik to Lepakshi and Tripuray to Rameshwaram and gave the message of national unity. This journey has awakened a wonderful, spiritual consciousness in the entire public. Honorable Prime Minister Shri Narendra Modi ji took special care of participating in this ritual and maintaining its dignity and sanctity. In fulfillment of this historic, unprecedented resolve, this general gathering is thankful to Honorable Prime Minister Shri Narendra Modi ji. This convention also thanks the Prime Minister for his efforts and penance.

Today, the country is happy. Ram's energy, Ram's glory has settled in the temple of the mind of the country. The movement for the Ram temple was a story of offerings, sacrifices, struggle, resolve and accomplishment. Therefore, this convention joins the joy and enthusiasm of the countrymen on this occasion with full unity, devotion and also, through this statement, is grateful towards Honorable Prime Minister Shri Narendra Modi ji. This is an unforgettable moment in the country's development journey, which is extremely important for India socially, culturally, and historically.

Undoubtedly, the ritual of construction of Shri Ram temple could be completed because of the blessings of Shri Ram on the Prime Minister. Prime Minister Shri Narendra Modi ji, full of determination, is taking the country to new heights in this age of 'Amrit Kaal'. The values that Lord Shri Ram inculcated in his words and thoughts are the inspiration for 'Sabka Saath-Sabka Vikas' and the basis of 'Sabka Vishwas-Sabka Prayas'. Under the leadership of the Prime Minister, India's unity and solidarity has received the power of public participation. He has raised the morale of the nation with his policies and leadership. For this, Prime Minister Shri Narendra Modi ji deserves to be congratulated.

Indian cultural, spiritual, and historical pride has been restored in the last ten years. This convention congratulates the Honorable Prime Minister Shri

**BJP NATIONAL PRESIDENT'S ADDRESS AT THE CONCLUDING SESSION****'FOR PM MODI PARTY ORGANISATION IS THE TOPMOST PRIORITY'**

BJP National President Shri Jagat Prakash Nadda addressed the concluding session of the BJP National Convention at Bharat Mandapam, New Delhi on 18 February, 2024.

Summerising the activities of the two days Convention he said, "The BJP party workers are very lucky and privileged to have got the leadership and guidance of Prime Minister Shri Narendra Modi, and he has been continuously guiding and mentoring the entire party organisation".

Shri Nadda also asked the BJP workers to study in detail the Resolutions passed at the Convention and to take the message among the people of the country. He said these Resolutions will work as 'Mantra' in the forthcoming Lok Sabha elections. Following are the Salient points of the speech:

For our Honourable Prime Minister Shri Narendra Modi, the party organisation is the topmost priority. The Prime Minister attended the entire session of our National Convention and guided us throughout. The BJP party workers are very lucky and privileged to have got the leadership and guidance of Prime Minister Shri Narendra Modi, and he has been continuously guiding and mentoring the entire party organisation.

Senior BJP leader and Union Defence Minister Shri Rajnath Singh on the first day of the National Convention tabled the political resolution titled "Viksit Bharat, Modi Ki Guarantee". The political resolution highlighted in detail the achievements of the policies and programmes of the BJP government being run under the dynamic and decisive leadership of Prime

Minister Shri Narendra Modi.

The second resolution was tabled by our senior leader and Union Minister for Home Affairs and Cooperation Shri Amit Shah ji which was titled "BJP-Desh Ki Aasha aur Vipaksh Ki Nirasha". All the Bharatiya Janata Party workers should read these resolutions in depth and detail.

The views that the Union Home Minister expressed while tabling the resolution, all the BJP workers should bring it to the notice of the people of our country. Shri Amit Shah has expressed his views in detail about the incompetence and irresponsible behaviour of the opposition parties during the past 10 years.

The statement of the Union Home Minister is also the important talking points for the BJP workers. The BJP workers should take out talking points from the

speech of Shri Amit Shah ji and should have political discussions over it in detail. These talking points refer to the magnificent achievements of the Narendra Modi government in the past 10 years beside highlighting the failures and incompetencies of the opposition parties. We all need to expose the failures of opposition parties before the people of the country.

Also, we should also highlight in public the recklessness and incompetent behaviour of the senior opposition leaders. The opposition parties failed to act like a responsible opposition in the past 10 years. We all need to keep these aspects before the people of the country with full clarity and conviction.

The BJP workers should also use the party's resolution on Shri Ram Janmabhoomi at opportune times.

Senior BJP leader and Union Finance Minister Smt Nirmala Sitharaman ji while addressing the National Convention talked in detail how India has emerged as a strong economic force under the leadership and guidance of our Honourable Prime Minister Shri Narendra Modi ji and how India is showing the world the path to come out of economic challenges . All the BJP workers also need to take this message to the public across the country.

The address of the Honourable President in Parliament describes in detail the achievements of the government. All the BJP workers should thoroughly go through the President's address and then discuss

in details about it at the panchayat and booth levels.

The BJP workers should also discuss and debate the address of Prime Minister Shri Narendra Modi given in Lok Sabha and Rajya Sabha. Our Honourable Prime Minister told the BJP workers how the opposition parties have cheated and demeaned the high democratic values of our country by repeatedly disrupting Parliament's proceedings.

The White Paper on the Congress party led UPA government highlights the massive financial bungling, corruption, nepotism and misgovernance during their 10 years of rule. The White Paper discusses in details the failures of the UPA government. The BJP workers should take this White Paper to the panchayat, block and booth levels and expose the UPA , the Congress party and other opposition parties.

All the BJP workers should study in detail the resolutions passed at the National Convention and should take in among the people of the country. These resolutions will work as 'mantra ' in the forthcoming Lok Sabha elections.

Before the National Convention of the party, a meeting of the BJP National office bearers took place where the strategy for the ensuing

Lok Sabha elections was discussed. We also discussed the work distribution and plans in details regarding the general elections. Our Honourable Prime Minister Shri Narendra Modi ji was also present in the meeting. ■

The White Paper on the Congress party led UPA government highlights the massive financial bungling, corruption, nepotism and misgovernance during their 10 years of rule. The White Paper discusses in details the failures of the UPA government. The BJP workers should take this White Paper to the panchayat, block and booth levels and expose the UPA , the Congress party and other opposition parties

Continued from page no. 26...

Narendra Modi ji for making the shared power of heritage and development the identity of the New India through his determined efforts and thanks the Prime Minister for making the whole of India experience the magic of Ram. We all are very proud to adopt this statement related to the grand temple of Lord Shri Ram, which has become a

symbol of the sentiments of the people in Ayodhya.

Under the leadership of Honorable Prime Minister Shri Narendra Modi ji, India is fulfilling the goal of all-embracing and inclusive development in the spirit of Ramrajya.

Jai Jai Siya Ram ■

**PM'S ADDRESS AT THE CONCLUDING SESSION****TIME HAS COME TO CHANGE THE DESTINY OF OUR COUNTRY: PM MODI**

Addressing the concluding session of the BJP National Convention 2024 held at Bharat Mandapam in New Delhi on 18 February 2024, Prime Minister Shri Narendra Modi said, "Today is February 18th, and the youth who have reached the age of 18 in this era will vote in the country's 18th Lok Sabha election. In the next 100 days, you need to connect with every new voter, reach every beneficiary, every section, every community, and every person who believes in every religion. We need to gain the trust of everyone." Following are the excerpts of PM's address:

Talking about India taking a giant leap towards a developed India in the coming 5 years, PM Shri Narendra Modi said, "In the last 10 years, India has achieved unprecedented momentum and gained the courage to achieve significant goals. India has reached new heights in every sector today, connecting every citizen with a sense of great determination. And this determination is - a developed India. We must make India developed, and in this, the next 5 years will play a significant role. In the next 5 years, India must work at a much faster pace than before."

NDA to cross 400

Emphasizing a robust return of the BJP to power, the Prime Minister stated, "Today, even opposition leaders are chanting slogans of the NDA government crossing the 400-mark. And for NDA to cross 400, BJP must surpass the milestone of 370."

Reflecting on the legacy of the great leader

Chhatrapati Shivaji Maharaj, Shri Modi said, "We are the ones who respect Chhatrapati Shivaji Maharaj. When Shivaji Maharaj was crowned, he did not say, 'Now that I have power, let's enjoy it.' He continued his mission. Similarly, I am not someone who lives for personal wealth and prosperity. I am not seeking a third term in the BJP government for the sake of power. I am a person driven by the resolve of the nation. The dream of millions of youth, millions of sisters and daughters, and millions of the poor is Modi's resolve. And it is for the fulfillment of this resolve that we are working day and night."

BJP is transforming the power of youth, women, the poor, and farmers

"Today, the BJP is transforming the power of youth, women, the poor, and farmers into the strength for building a developed India. Previously, people used to think that governments change, but the system

does not. We have, with a genuine sense of social justice, moved every system beyond old thinking and outdated approaches. We have asked and acknowledged those whom no one else bothered to,” he added.

Women empowerment

Highlighting the efforts undertaken for women's well-being, PM said, “I am the first Prime Minister of the country who addressed issues like sanitation from the Red Fort. I am the first Prime Minister who raised questions at the Red Fort against the use of derogatory language towards women. Women's dignity and honour are paramount for us. I am proud that over the past 10 years, the BJP government has taken numerous steps to make the lives of women easier. To economically empower women and make it easier for daughters to work, we have also taken numerous steps.”

The Prime Minister discussed several initiatives aimed at women empowerment, including programs like Beti Bachao, Beti Padhao, Lakhpati Didis, Self Help Groups, maternity leave policies and Mudra loans to name a few.

Nation was freed from Article 370

PM Shri Modi underscored how the last 10 years have been marked by bold decisions and groundbreaking resolutions. He said, “Issues that lingered for centuries... we showed the courage to resolve them. By constructing the grand Ram Temple in Ayodhya, we put an end to a wait of 5 centuries. In Pavagadh, Gujarat, the Dharma Dhawja has been unfurled after 500 years. After 7 decades, we opened the Kartarpur Corridor. After a wait of 7 decades, the nation was freed from Article 370.”

Furthermore, he added, “Approximately 6 decades later, the new form of Rajpath, the Kartavya Path emerged. Finally, after 4 decades, the demand for One Rank One Pension was fulfilled. After 3 decades, the country got a new National Education

Policy. The need for a new Parliament building, felt for decades, was finally fulfilled by us. Every BJP karyakarta is fortunate to be a part of such numerous accomplishments.”

Working with a mission to transform India

Strongly criticizing opposition parties, PM Shri Modi asserted that they have acknowledged their inability to make India developed. He emphasized, “Only the BJP is the party that has dared to dream of it. We are working with a mission to transform India into a developed country by 2047. In our third term, we are determined to position India as the world's third-largest economic power. This is Modi's Guarantee. And making India the third economic power... signifies an exponential expansion of India's economic, military, and cultural strength.”

Addressing the BJP karyakartas, the PM stated, “Coming into the top three economies of India means, the standard of living for every family in India will improve. The income of every Indian family will increase significantly. India's public transport will become more modern. New sectors will open up for employment

in India, providing even more opportunities for jobs. Women in India will get the chance to lead on every front. Our farmers will work with the latest technology. There will be ample resources and infrastructure in the country to make people's lives better.”

Youth-driven India

Stressing on how a youth-driven India is setting ambitious goals for itself and achieving them today, PM Modi said, “We are working to host the Youth Olympics in India in 2029 and the Olympic Games in 2036. By 2030, we are working towards the target of Net Zero for our railways. Instead of 2030, we will achieve the goal of 20% Ethanol Blending in petrol five years ahead of our target date. India is also formulating policies to achieve the Net Zero target by

“I am the first Prime Minister of the country who addressed issues like sanitation from the Red Fort. I am the first Prime Minister who raised questions at the Red Fort against the use of derogatory language towards women.

Women's dignity and honour are paramount for us. I am proud that over the past 10 years, the BJP government has taken numerous steps to make the lives of women easier

2070. This means that in the coming years, our country will witness countless green job opportunities.”

“The BJP is the only party today that is so dedicated to the idea of “Ek Bharat, Shreshtha Bharat”. I cannot forget my experiences from the past month. During this time, I had the opportunity to visit many places related to Lord Shri Ram. During this time, the warmth I received from people in various regions of South India is truly overwhelming. As I travelled through the streets, people showered their blessings on me,” he said.

“Ek Bharat, Shreshtha Bharat”

Talking about the spirit of “Ek Bharat, Shreshtha Bharat”, PM Shri Modi said, “Our complete focus is on the development of every region. The example of the Northeast is right in front of you. In previous governments, the Northeast was completely neglected. Today, whether it’s Siachen or the ambitious districts of the country, none are far from us. The villages that were once referred to as the last villages are now the first villages of our country. Every part of the country is important for us, and our focus is on each segment.”

“In today’s scenario, political parties in different countries openly acknowledge that India’s strength is beneficial for the entire world. The respect for India and its influence is growing in every continent. Countries around the globe are emphasizing the establishment of deeper connections with India,”

the functioning of the government. He highlighted the significant discussions on foreign policy. Recently returning from the UAE and Qatar, he emphasized the strength of India’s global relationships. The ties with Western Asian countries are now at their strongest. He also recalled his visit to the UAE in 2015, noting that no Indian Prime Minister had visited there in the previous 34 years, underscoring the region’s prior neglect.

“In today’s scenario, political parties in different countries openly acknowledge that India’s strength is beneficial for the entire world. The respect for India and its influence is growing in every continent. Countries around the globe are emphasizing the establishment of deeper connections with India,” he added.

PM Shri Modi reiterated, “Several countries are seeking dates for discussions with our government in July, August, and September. What does this imply? It means that various nations around the world are entirely confident about the return of the BJP government. They also know – Aayega Toh Modi Hi.”

“Sabka Sath, Sabka Vikas”

Shri Modi highlighted that the government is inclusive with the essence of “Sabka Sath, Sabka Vikas” evident in actions. He expressed pride in Kartarpur Sahib Corridor’s role in fulfilling spiritual aspirations. Initiatives include removing GST from langar items, FCRA registration for the Golden Temple, and observing Veer Bal Diwas to honor sacrifices. The government has improved the Haj pilgrimage process, allowing convenience and making it easier for women.

India’s strength is beneficial for the entire world

The Prime Minister mentioned that upon taking office in 2014, critics questioned our experience and

Save the country from Congress

Addressing the huge gathering, Shri Narendra Modi said that every BJP karyakarta has a duty to save the country from Congress. Highlighting Congress’s track record of being a source of instability, dynasty politics, corruption, and appeasement, the PM emphasized that Congress lacks a development agenda and a roadmap for the future, and its current actions show a divisive approach based on language or region.

Slamming the Congress party for consistently raising questions and doubts about our Army’s accomplishments, he said, “The biggest sin of Congress is that it has not hesitated to break the morale of the country’s armed forces. Congress has left no stone unturned in causing damage to India’s

national security and military strength.

“These individuals tried to block the acquisition of advanced aircraft like Rafale for our Air Force, spreading false claims about the elimination of Hindustan Aeronautics Limited (HAL). Despite their efforts, HAL has flourished, evident in its order book and market value. These are the same

people who doubted our armed forces’ valor during surgical strikes and demanded proof of the success of the airstrike. Congress consistently undermines the Indian military,” he added.

Launching a scathing attack on Congress for not fighting on ideological issues. The PM asserted, “Congress is so demoralized that it has lost the courage for ideological and intellectual opposition. Therefore, resorting to insults, false accusations against Modi has become their sole agenda.”

‘Yahi Samay Hai, Sahi Samay Hai’

PM Shri Modi said, “From the Red Fort, I had said – ‘Yahi Samay Hai, Sahi Samay Hai’. Today, the time has come to change the destiny of our country. In the upcoming 100 days, every BJP karyakarta must set new goals for themselves and achieve them. In the past years, the benefits of BJP government schemes have reached millions of beneficiaries.”

Remember, our goal is not just to unite people to form a government but to unite people to build a nation. We need to reach those who are currently not with the BJP, and our mantra is “Sabka Sath, Sabka Vikas.” The time has come to fulfil the dreams our freedom fighters had envisioned, and for that, BJP is essential, a BJP government is necessary.”

He further urged the BJP Karyakartas, “You need to reach every beneficiary and convey that PM Modi has greeted them. The Namo app will also be helpful in this. Through the Namo app, convey my regards and my letter to those beneficiaries. Make sure that not a single first-time voter in any booth is left untouched by a BJP Karyakarta.”

BJP is essential, a BJP government is necessary

Remember, our goal is not just to unite people to form a government but to unite people to build a nation. We need to reach those who are currently not with the BJP, and our mantra is “Sabka Sath, Sabka Vikas.” The time has come to fulfil the dreams our freedom fighters had envisioned, and for that, BJP is essential, a BJP government is

necessary.”

“In conclusion, PM Shri Narendra Modi once again encouraged the large BJP Karyakartas, stating, “Embark on your mission in the region with a fresh commitment. This time, let’s aim beyond 400. We need to come together for this endeavour.”

Highlights

- In the next 100 days, we all have to reach out to every new voter, every beneficiary, every community. We’ve to win everyone’s trust.
- BJP karyakartas have to work with new energy for next 100 days.
- Several historic and courageous decisions were taken in the last 10 years.
- We found the solution of decades-old problems.
- I am living for the future of poor children. The dreams of crores of women, poor and youth are Modi’s resolve.
- The entire country believes that having a spotless 10-year term and taking 25 crore people out of the poverty line is not a simple task.
- I am the first PM who raised from Red Fort the issue of toilets, expressed anguish at use of derogatory words for women. ■

In a major boost to education sector PM Modi inaugurates 4 IITs, 3 IIMs, 2 IISERs, 20 Kendriya Vidyalayas and 13 Navodaya Vidyalayas

In a significant step towards upgrading and developing education and skilling infrastructure across the country, Prime Minister Shri Narendra Modi inaugurated, dedicated to the nation, and laid the foundation stone of several projects worth about Rs 13,375 crore at Jammu on 20 February 2024.

The Prime Minister dedicated to the nation permanent campus of IIT Bhilai, IIT Tirupati, IISER Tirupati, IISER Berhampur, IIITDM Kurnool; academic and residential complex in IIT Patna and IIT Ropar; two permanent campuses of Central Sanskrit University - at Devprayag (Uttarakhand) and Agartala (Tripura).

The Prime Minister inaugurated permanent campuses of IIM Visakhapatnam, IIM Jammu and IIM Bodh Gaya. He also inaugurated the Indian Institute of Skills (IIS) - a pioneer skill training institute on advanced technologies in Kanpur.

The Prime Minister inaugurated and dedicated to the nation, improved infrastructure like hostels, academic blocs, administrative buildings, libraries, auditoriums etc in multiple higher educational institutes across the country like IIT Jammu, NIT Delhi, IIT Kharagpur, NIT Durgapur, NIT Arunachal Pradesh, IIIT Lucknow, IIT Bombay, IIT Delhi, Central University of Kerala Kasaragod, among others.

Shri Modi also inaugurated 20 new buildings for Kendriya Vidyalayas (KVs) and 13 new Navodaya Vidyalayas (NVs) across the country.

On the occasion Shri Modi also laid the foundation stone of multiple projects for upgrading the infrastructure in several higher educational institutes across the country. These projects include the construction of the permanent campus of Sindhu Central University and IIIT Raichur; the construction of academic block, hostel, faculty quarter etc in IIT Bombay; construction of Hostel and Staff Quarter in IIT Gandhinagar, construction of hostels in BHU, among others. ■

CABINET APPROVES FRP OF SUGARCANE PAYABLE BY SUGAR FACTORIES FOR SUGAR SEASON 2024-25

The Cabinet Committee on Economic Affairs chaired by Prime Minister Shri Narendra Modi on 21 February approved the Fair and Remunerative Price (FRP) of sugarcane for Sugar Season 2024-25 at ₹ 340/quintal at sugar recovery rate of 10.25%. This is historic price of sugarcane which is about 8% higher than FRP of sugarcane for current season 2023-24. The revised FRP will be applicable w.e.f. 01 Oct 2024.

At 107% higher than A2+FL cost of sugarcane, the new FRP will ensure prosperity of sugarcane farmers. It is noteworthy that India is already paying the highest price of sugarcane in the world and despite that Government is ensuring the world's cheapest sugar to domestic consumers of Bharat. This decision of

Central Government is going to benefit more than 5 crore sugarcane farmers (including family members) and lakhs of other persons involved in sugar sector. It re-confirms fulfilment of Modi ki Guarantee to double farmers' income.

With this approval, sugar mills will pay FRP of sugarcane @ ₹ 340/quintal at recovery of 10.25%. With each increase of recovery by 0.1%, farmers will get additional price of ₹ 3.32 while the same amount will be deducted on reduction of recovery by 0.1%. However, ₹ 315.10/quintal is the minimum price of sugarcane which is at recovery of 9.5%. Even if sugar recovery is lesser, farmers are assured of FRP @ ₹ 315.10/quintal. ■

PM Modi inaugurates BAPS Hindu Mandir in Abu Dhabi, UAE

Prime Minister Shri Narendra Modi inaugurated the BAPS Hindu Mandir in Abu Dhabi, UAE. The PM along with the Mukhya Mahant of BAPS Hindu Mandir performed all the rituals. The PM termed the Hindu Mandir in Abu Dhabi as a symbol of shared heritage of humanity.

Prime Minister Shri Narendra Modi arrived at the BAPS Swaminarayan Mandir on 14 February for the inauguration. BAPS represents a socio-spiritual Hindu faith rooted in the Vedas, pioneered by Bhagwan Swaminarayan in the late 18th

century and formally established in 1907 by Shastriji Maharaj.

The proposal of the Hindu temple in Abu Dhabi came during the first visit of PM Modi to the UAE in 2015 after which the

government allocated land for the BAPS temple. Prime Minister Shri Narendra Modi called this a landmark move and thanked the leadership of UAE on behalf of 130 crore Indians.

Ahead of the opening ceremony of the temple, Sadhu Brahmaviharidas recognized the significant contribution made by the benevolence and camaraderie of leaders from the UAE. He also conveyed deep gratitude towards the rulers and officials of the UAE, emphasizing the robust bond between India's Prime Minister and the leadership of the UAE. ■
