SOCIAL MEDIA CORNER

@Narendramodi

With the strengthening of the four pillars -youth, women, the poor, and our Anndata (farmers), the country will rapidly move towards a developed India.

@JPNadda

Our youth are very fortunate to be living in an India which is standing strong under the leadership of respected Prime Minister Shri @narendramodi ji and is moving towards becoming a 'developed nation'

@AmitShah

Modi government has connected Kashmiri youth with the development journey of the country by giving them laptops instead of stones.

@Rajnathsingh

The Union Government is developing a strong base of domestic defence industrial ecosystem to make India a strategic economy. New India no more tolerant to 'let it be' mindset and now believes firmly in 'let's do it' approach.

@Nirmala Sitharaman

Multidimensional Poverty, since 2005-06, India has registered a significant decline in #MPI from 29.17% in 2013-14 to 11.28% in 2022-23 which is a reduction of 17.89%. As a result 24.82 crore people escaped multidimensional poverty in last 9 years.

@B L Santhosh

PM Sri @narendramodi bowing with reverence to Sri Shankaracharya Hills . Whether it is J&K or Punjab or Tamilnadu or Kerala or North East , the path of #SabKaSaathSabKaVikas is knitting the whole country together .

TIME TO RE-DEDICATE TO THE PLEDGE OF A 'VIKSIT BHARAT'

As the Lok Sabha elections 2024 draw closer, the slogan 'Abki Baar, 400 Paar' has started reverberating across the nation, showing increasingly immense faith in the visionary and dynamic leadership of Prime Minister Shri Narendra Modi and the policies and programmes of the Bharatiya Janata Party. The people's enormous trust in the leadership of the Prime Minister can be gauged from the fact that Modi's guarantee has become so trustworthy that it's considered a guarantee of fulfilling the guarantee. While the 'sankalpa' of the Prime Minister to make India a 'Viksit Bharat' has become the resolve of the entire nation, boundless enthusiasm filling everyone with a newfound confidence and zeal is driving the nation towards this goal. A new hope has dawned on the nation, and people are looking forward to the future with dreams of a developed, strong, and vibrant India in their eyes. As people keep showering their blessings overwhelmingly on the BJP, elections have become a festival and also a grand occasion to re-dedicate to the dreams of a 'Viksit Bharat'.

The resolve of a 'Viksit Bharat' has been powered by the remarkable achievements of the last ten years, which appear amazing and inspiring to various international agencies and experts. The journey from 'Fragile Five' to 'Fabulous Five' has been a journey of 'perform, reform, and transform' taking the nation to new heights every day. This transformative journey appears miraculous when seen in the context of the ten years of Congress-led UPA's regime of misrule, rampant corruption, looting of public money, spiralling inflation,

depleting forex reserves, and declining growth. The Congress-led UPA era is remembered as an era of 'policy paralysis'; the period between 2004 and 2014 is also known as the 'Lost Decade' for the nation. The Congress-led UPA regime plunged the nation in an atmosphere of negativity and pessimism by creating hopeless situations on every front. No one can deny the fact that rescuing the nation from such morass not only posed extreme challenges but appeared insurmountable to the experts who started claiming that India's story was over. The Prime Minister, Shri Narendra Modi, who was seen as the only hope for the nation in such trying times, not only rescued the nation but led it to a trajectory where the dream of 'Viksit Bharat' appears within reach for the nation.

The last ten years have completely transformed the nation, fulfilling and fueling the aspirations of a confident India at the same time. As the Prime Minister inspires the nation to think big, he has led the nation on

The last ten years have completely transformed the nation, fulfilling and fueling the aspirations of a confident India at the same time. As the Prime Minister inspires the nation to think big, he has led the nation on global forums, envisioning for India a future of serving humanity as 'Viswamitra'

global forums, envisioning for India a future of serving humanity as 'Viswamitra'. The nation has stood by all the countries across the world during times of need, serving humanity during the COVID-19 pandemic and in times of other disasters through every possible means. The focus of the Prime Minister on villages, poor, farmers, women, youth, SC, ST, and OBC has empowered the deprived, oppressed, exploited, and neglected sections of society through a number of innovative schemes and various other welfare measures. It is for the first time that the glorious heritage of India has been celebrated globally, and people are feeling proud of their wonderful legacy. The word 'development' has become the mantra as the nation feels a new energy within it, making it continuously widen its horizons and achieve what appeared unachievable a few years ago.

As New India, confident of its vibrant future, moves forward with the pledge of 'Viksit Bharat', this special issue of 'Kamal Sandesh' has been published for our esteemed readers. We hope that our readers will not only read it to learn about the amazing achievements of the Modi government in the last ten years, but they will also circulate it among other readers so that its message reaches everyone. We thank you for your continuous support and encouragement. ■

INDIA'S TECHADE

“

We are creating modern digital infrastructure in India. Along with this, we are also ensuring that the benefits of digital revolution reach every section of the society.”

- Narendra Modi

Chandrayaan - 3 Mission

- India becomes first country in the world to successfully land on South Pole of Moon
- India proves its capability in cost-effective space missions
- Women scientists played a big role in the success of Chandrayaan-3
- Chandrayaan-3 provided an integrated assessment of the lunar surface features, including the thermal properties and surface elements of the lunar topsoil (regolith) as well as the plasma environment near the surface
- Chandrayaan-3's landing point to be named as "Shiv Shakti Point" and footprint of Chandrayaan-2 to be named as "Tiranga Point"
- August 23 to be celebrated as "National Space Day" commemorating the success of Chandrayaan-3 Mission

Aditya - L1 Mission

- First space-based Indian mission to study the Sun
- It will provide greater benefit in observing solar activity and its impact on space weather in real time.
- The mission will provide important information for understanding Sun's coronal heating, mass ejection and space weather dynamics.

Gaganyaan Mission

- Gaganyaan mission will demonstrate the capability to conduct human spaceflight missions in Low Earth Orbit (LEO) on an Indian launch vehicle
- India to send first Indian to the Moon by 2040
- India aims to establish space station by 2035

DIGITAL INDIA

Expanding digital infrastructure

DID YOU KNOW

Under BharatNet initiative, broadband infrastructure has reached 1.98 lakh gram panchayats of India

Technology

for me is discover, learn, evolve and implement. It combines 3Ss—speed, simplicity and service. Technology is fast, technology is simple and technology is a brilliant way to serve people

Shri Narendra Modi

e-governance and facilitation of services

- *As of May 2023, over 5.21 lakhs common service centres (CSC) are servicing digital needs, out of this 4.13 lakh CSCs are working at the level of Gram Panchayats*
- *70 crore Indians join India's first global payment network through RuPay card*
- *UMANG App - 905 Central and 877 State Services available*
- *KisanRath mobile application (Hire vehicles for agricultural produce transportation) -*

- *5.84 lakh farmers, farmer organisations, traders and service providers are registered*
- *SBM 2.0 MIS App developed to track and monitor progress of the Mission. The app allows uploading of data of assets under SBM Ph II. The assets are geo-tagged to ensure authenticity*

Digital empowerment of citizens

- Under Digital India Land Records Modernization Program 1.17 crore cadastral maps digitized. Land records of 94.23% villages computerised
- Over 4.6 crore candidates certified under the Pradhan Mantri Gramin Digital Saksharta Abhiyan

Semicon India 2023: India becoming a rising semiconductor hub

- Historic financial incentives worth \$76,000 crore to make India a global semiconductor hub
- Uniform fiscal support up to 50% of project cost for setting up of Semiconductor Fabs, Display Fabs and other facilities
- It will potentially add ₹60,000 crore to ₹70,000 crore to India's GDP over a ten-year period

NORTHEAST A GROWTH ENGINE

“

Today, in the North East, we are not drawing borders of disputes, but we are constructing corridors of development.”

- Narendra Modi

Accords for Peace and Prosperity

UJALA Yojana

- The Unnat Jyoti by Affordable LEDs for All (UJALA) scheme was launched in 2015
- World's largest non-subsidized indigenous lighting program
- India is the second-largest market for LEDs in the world

NATIONAL UJALA DASHBOARD

Total LEDs distributed as on 17 MAY 2023 13:19

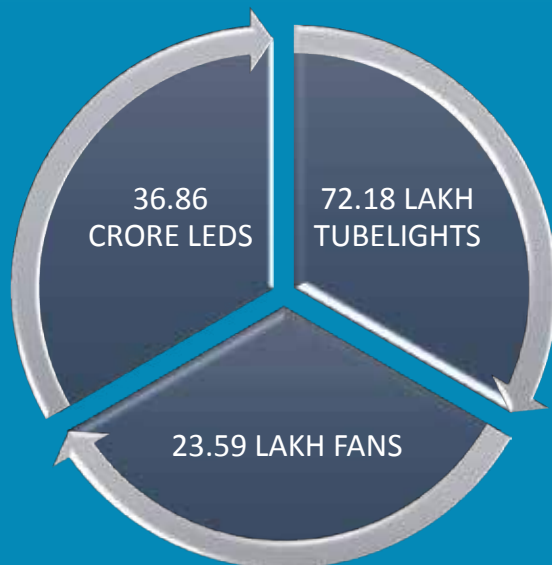

36,86,86,920

47,880 mn kWh
Energy saved per year

INR 19,152 Cr
Cost saving per year

9,586 MW
Avoided Peak Demand

3,87,83,014 t CO₂
CO₂ Reduction per year

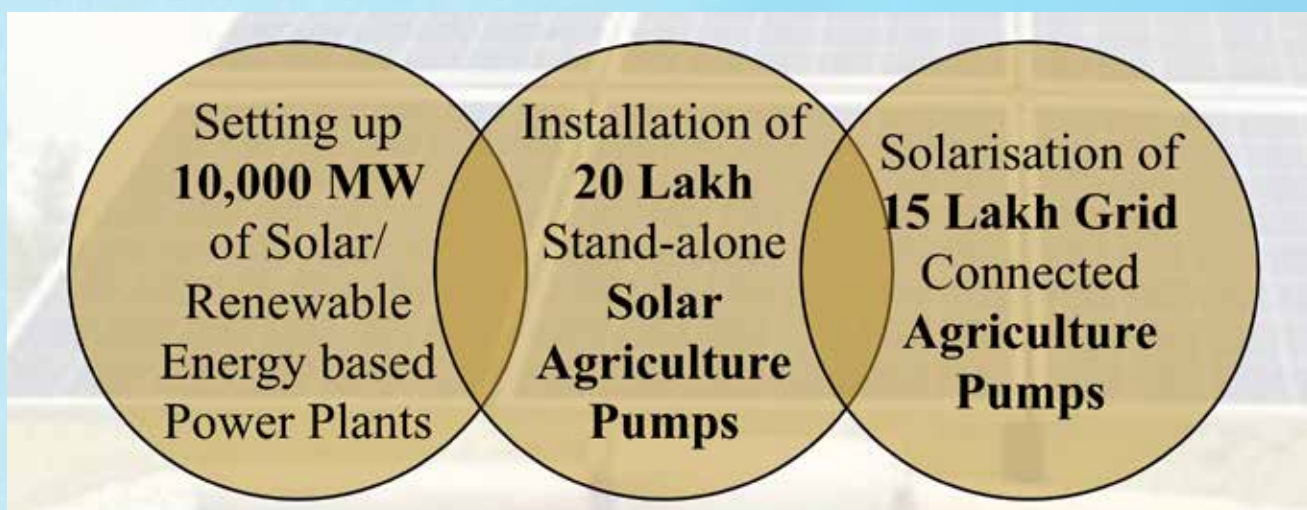

Do you know?

International Energy Agency(IEA) in its report stated that UJALA has reduced electricity bills saving consumers over 16 billion rupees per year

Pradhan Mantri Kisan Urja Suraksha Evam Utthan Mahabhiyan (PM-KUSUM) Scheme

- Launched in February 2019 to transform Annadata to Urjadata
- Providing energy to 35 lakh+ farmers through solar agriculture pumps, including solar agriculture feeders

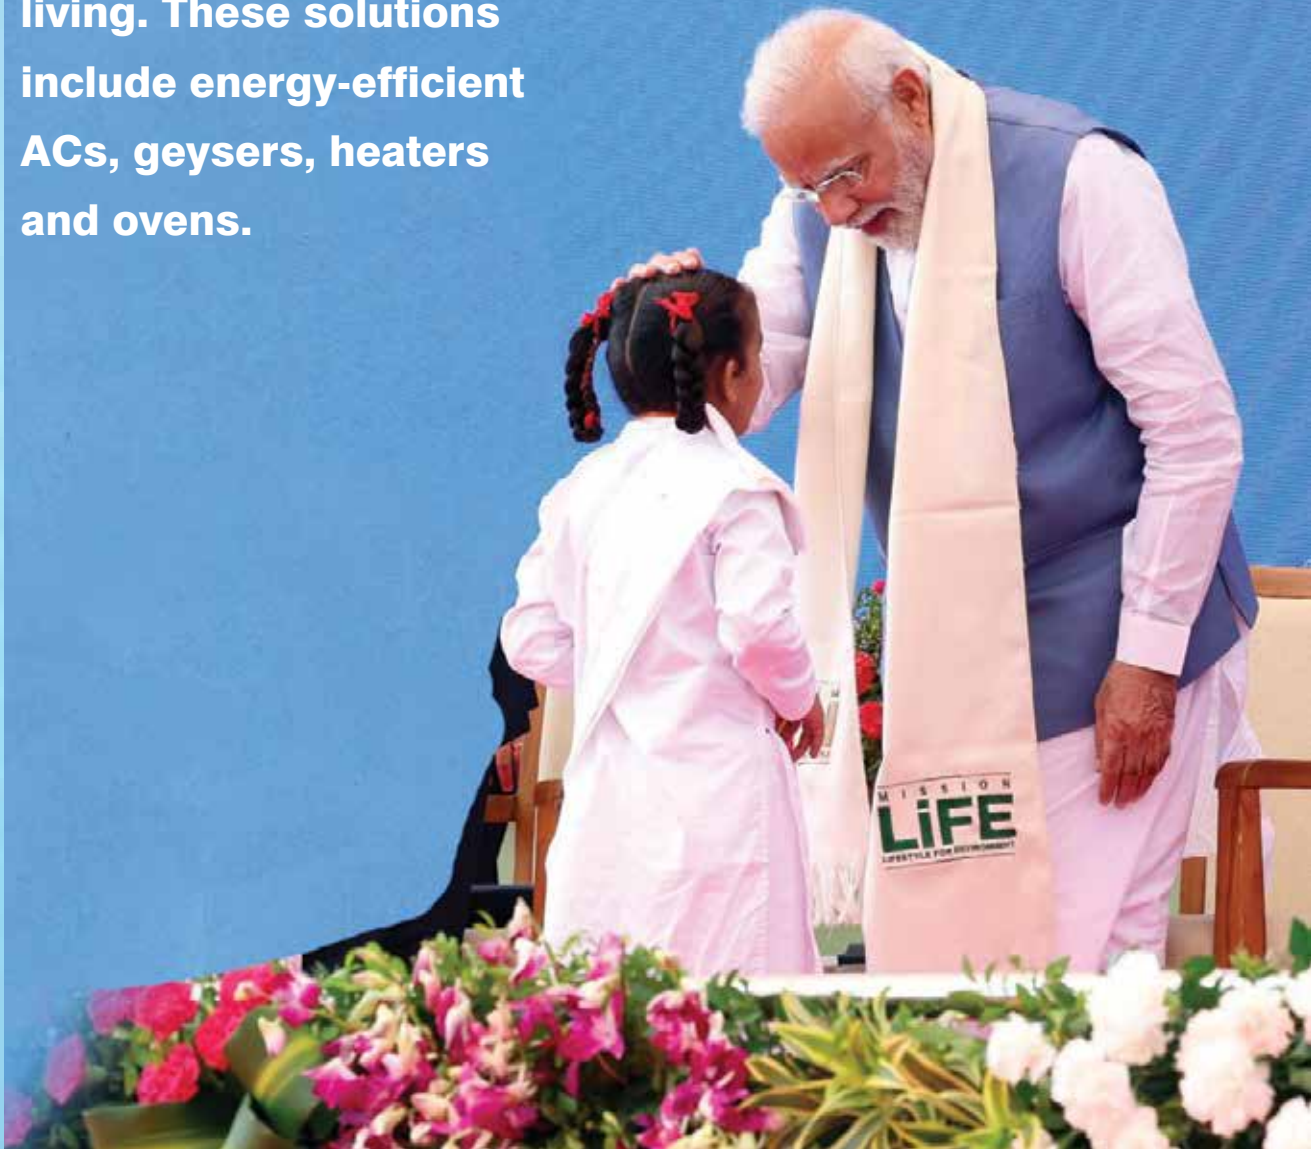

One Sun, One World, One Grid

- Installed solar capacity is 71.78 GW as of October, 2023
- Efforts are on to create a global grid to realize the concept of One Sun, One World, and One Grid

Mission LiFE

The Prime Minister called upon the world to make ‘Lifestyle for Environment’ i.e. LiFE a global mission to fight climate change. The vision emphasizes not only energy production but also energy conservation and sustainable living. These solutions include energy-efficient ACs, geysers, heaters and ovens.

Namami Gange

- Launched in 2014 for effective abatement of pollution, conservation and rejuvenation of National River Ganga
- So far, a total of 448 projects have been sanctioned at an estimated cost of Rs. 37,985 Crores; 260 projects have been completed and made operational

PM-eBus Sewa

- Government has approved “PM-eBus Sewa” scheme for augmenting city bus operation by 10,000 e-buses on PPP model
- The Scheme would have an estimated cost of Rs.57,613 crore, out of which support of Rs.20,000 crore will be provided by the Central government. The Scheme will support bus operations for 10 years
- Under this scheme priority will be given to cities having no organized bus service

The Prime Minister set an example and did 'Shramdaan for cleanliness'. More than 8.75 crore people across the country participated in the 'Ek Tarikh Ek Ghanta Ek Saath' program on the call of the Prime Minister.

GLOBAL PRAISE FOR INDIAN LEADERSHIP

X@ **Joseph R. Biden Jr.**
President of the United States

One Earth. One Family. One Future.

That's the focus of this G20 Summit: building resilient infrastructure, making quality infrastructure investments, and creating a better future that represents greater opportunity, dignity, and prosperity for everyone.

X@ **Rishi Sunak**
**Prime Minister of
the United Kingdom**

Stronger together. Stronger united.

Thank you Narendra Modi for a historic G20 and the Indian people for such a warm welcome.

From global food security to international partnerships, it's been a busy but successful summit.

X@ **Giorgia Meloni**
Prime Minister of Italy

I thank the Prime Minister of India Narendra Modi for his stewardship of this Presidency #G20, which has put forward an ambitious agenda on global challenges. We have worked together to ensure the success of this Summit and we will continue to coordinate in bilateral relations and also in view of the Italian Presidency of the G7.

#G20India

X@ **Emmanuel Macron**
President of France

वसुधैव कुटुम्बकम्

The world is one family.

Le monde est une seule famille.

X@ **Anthony Albanese**
Prime Minister of Australia

A successful G20 meeting hosted by Narendra Modi in New Delhi today followed by a good bilateral discussion about concluding the Comprehensive Economic Cooperation Agreement between Australia and India.

X@ **Ursula von der Leyen**
**President of
the European Commission**

Thank you for your skillful leadership of the G20,
@narandramodi.

A strong partnership with India is paramount for Europe.
Glad to see our Trade & Tech Council in action. And to have
launched with you an historic project, the India – Middle East
– Europe Economic Corridor.

X@ **Bill Gates**
**Co-chair of the Bill &
Melinda Gates Foundation**

The G20 reached a groundbreaking consensus on the role
of digital public infrastructure as a critical accelerator of the
Sustainable Development Goals. I'm optimistic about the
potential of DPI to support a safer, healthier, and more just
world. Kudos to PM Narendra Modi.

X@ **Dr Tedros Adhanom Ghebreyesus**
Director-General, World Health Organization

We welcome the G20 Leaders' comprehensive commitment to health in the
New Delhi Declaration, including to strengthen WHO. We will continue to work
closely with G20 countries towards a healthier, safer, fairer future for all.

BJP National President Shri Jagat Prakash Nadda launching Party's Nationwide 'Sankalp Patra Sujhav Abhiyan' and 'Viksit Bharat - Modi Ki Guarantee Rath' from New Delhi on 26 February, 2024 for Lok Sabha Elections 2024
